A PHOTOGRAPHIC STORY FOLLOWS, OF LIFE AT HUGHES AS IT IS LIVED BY ALMOST THREE THOSUAND BOYS AND GIRLS IN A TOWERED PALACE ATOP THE HILLS OF CINCINNATI. LIFE HAS BEEN IN THE MAKING AT HUGHES HIGH SCHOOL FOR BUT A FEW YEARS LESS THAN A CENTURY. IT IS A VARIED, RICH AND INTERESTING LIFE, ESPECIALLY AWARE TODAY OF NEW RESPONSIBILITIES AND OPPORTUNITIES FOR SERVICE. SENIORS OF 1942 GRADUATE IN A WORLD AT WAR.

SCHOOL

Life was not particularly successful for a humble cobbler named Thomas Hughes, yet he was able to do something when he died which has meant much to the life of Cincinnati. At his death on December 26, 1824 he bequeathed his estate to the city to be used in carrying out his dream of free education for the youth of Cincinnati.

The trustees of his gift used it to help students through the privately owned Woodward College until 1845 when property for a high school was bought on Ninth Street between Race and Vine Streets. No building was erected there, but in 1847 Central High School, with Mr. H. H. Barney as principal, was opened in the basement of the Lutheran Church on Walnut Street. In 1851 a building of Gothic architecture with seventeen rooms was opened at Fifth and Mound Streets and renamed Hughes High School after the man who made it possible.

The first commencement exercises for the two Cincinnati public high schools were held in July, 1852. The four graduates were from Hughes.

By 1908 the city had so increased in size that a larger building was needed. Land was produced at the corner of Clifton Avenue and McMillan Street where the cornerstone of the present Tudor-Gothic building was laid. The new Hughes building, which originally cost $1,000,000 had nearly one hundred rooms and was made to accommodate fifteen hundred pupils. Later in 1924 the "new building" was started as an annex and gave the school a capacity of 3,000 students. Because of its beautiful workmanship and fine art work, Hughes has been admiringly dubbed "the Clifton palace."

Hughes has had only seven principals during its century of establishment. Succeeding Mr. H. H. Barney as principal in 1853 was Mr. R. Cyrus Knowlton, and then Dr. J. L. Thornton. Mr. John M. Edwards next became principal and was succeeded by Mr. E. W. Coy in 1873. Mr. Coy who was principal for forty-six years was succeeded by Mr. E. D. Lyons until Mr. C. M. Merry came in 1919. Mr. Merry's administration at Hughes ended last June when he retired. Mr. Charles Ottermann, former Assistant Superintendent of Schools, was appointed principal of Hughes in September, 1941.

Last Memorial Day the class of '42 paid tribute to Thomas Hughes when its president placed the traditional wreath on his grave. June, 1942 marks the graduation of the ninetieth class from Hughes. Of these ninety classes, seven graduated in time of war as the present one does. But whether they graduated in time of peace or in time of strife they are deeply grateful for their secondary education which enables them to be better citizens, to a simple cobbler who dreamed of the future of the children of Cincinnati.

CHARLES OTTERMANN
Principal of Hughes

To the Class 1942:

Your senior year has indeed been an eventful one. When you began, vast areas of our old planet were aflame with war and were being devasted by the most destructive instruments ever conceived by man's inventive mind. Here with your growing appreciation of democracy, you were hearing voices from afar that seemed to threaten ominously, and even to deride, our conception of the way of life. Then came that Sunday in early December when with death-dealing suddenness a challenge was hurled. You heard shortly thereafter in our auditorium the voice of our President answering for his country. From that moment, life at school, as everywhere, assumed a clearer emphasis on service, service in many undreamed of ways.

As you pass through the doors of the old school may that indefinable something, which is called the Hughes spirit, in essence the democratic spirit, urge you on to your very highest endeavor.

CHARLES OTTERMANN

Mrs. Robinson is the dean of girls.

Dear Class of 1942:

The wise men of all times have taught us that real happiness, and satisfaction in life, can most truly be measured by services rendered. You, who are leaving school, have, no doubt, been told and retold that it is a tragedy for you to be entering wider fields at a time when our very foundations are shaken. Perhaps we have misplaced the emphasis! Was there ever a time when as many varieties and opportunities of service offered themselves? May you make the most of them!

Sincerely,

ELMA R. ROBINSON.

Mr. Havlovic is the assistant principal at Hughes.

"We ourselves the better serve by serving others best."

ARTHUR J. HAVLOVIC.

On the front steps gather freshman, junior, sophomore, and senior during lunch periods and before school, in the crisp autumn and balmy spring. Thousands of pairs of feet walk up and down these stone steps several times a day, carrying boys and girls, young men and women, back and forth in the ways, both gay and serious, of life at Hughes. They are citizens of no mean community; they have responsibilities and privileges. In classes and out of the classroom they have the chance to widen their knowledge and increase their efficiency. They may lead a normal, happy life with their

fellows. Whether a student is at Hughes four years, or less, he leaves richer than he came. He has the privilege of high scholastic opportunities; the contact with the fine, upstanding men and women who compose the faculty; in clubs and activities he may find and develop literary, dramatic, musical, or artistic interests and abilities. These steps have felt the tread of many feet destined to carry their owners to fame in their particular fields. But whether or not a student succeeds in getting world acclaim, if he has accepted the opportunities of the Hughes Services Organizations, he is prepared to give useful service to a world that needs him.

The office is a busy place. Often Miss Rowland is there to handle the hundreds of questions that come along.

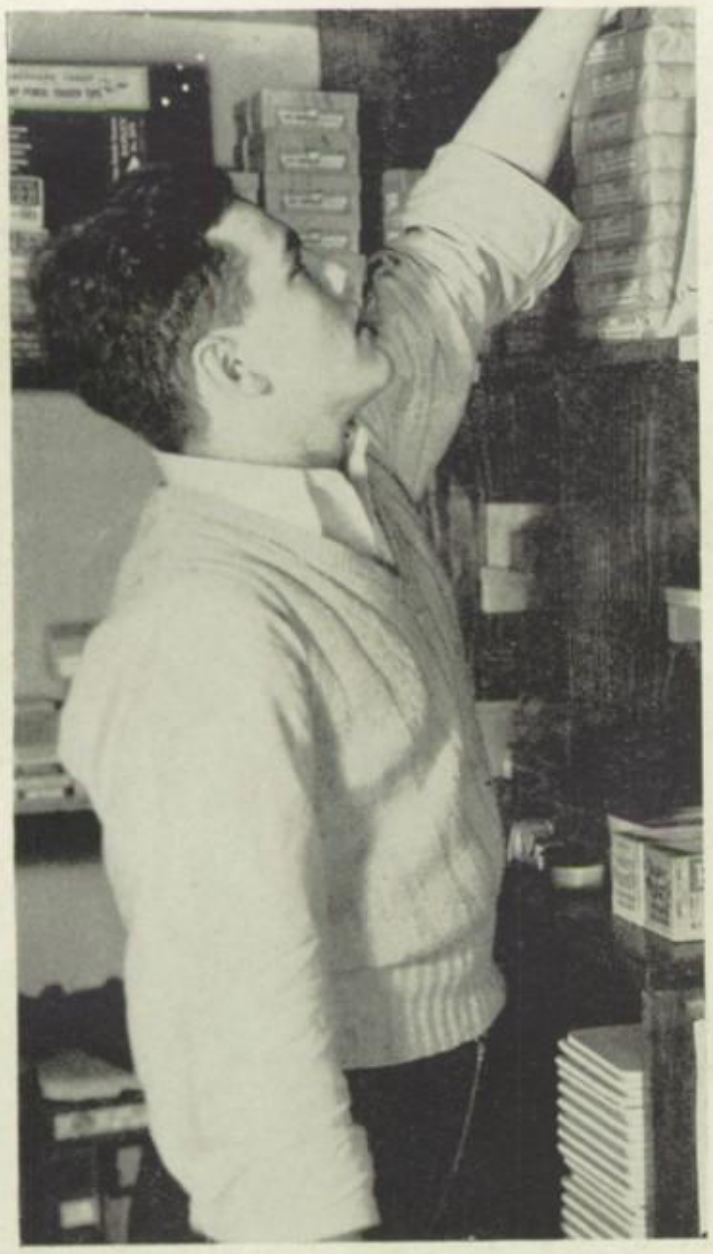
The Hughes Service Organization

Everyone has heard of the USO that has done so much to help the boys at camp and bring them happiness. Less familiar, but of great local significance, is the HSO, Hughes Service Organization. Hughes and service are synonymous; service to the student body, to the school, and to the nation is rendered every day by the many branches of the faculty, staff, and student body to keep affairs running smoothly. Let us give full support to those who work for our country, but let us not forget those who belong to the HSO. They also serve.

Mr. Caskey is the faculty manager of athletics. He arranges for the advertising of all athletic events; he handles the athletic books which every student receives as a part of his service fee, and takes care of countless other details that a busy sports schedule involves.

HSO

At the book shop we hope that we may continue to buy those precious supplies for school, things that disappear so quickly! In the Lunch room we ponder how to make both ends meet, and still grant a fair share to the middle. The Art League feasts our eyes, as the dining room our bodies. Many clubs contribute valuably to life at Hughes, and supply interesting experiences and good times. A busy center of activity is the Office, with all its workers supervising the unbelievable number of tasks performed throughout the school by the members of HSO.

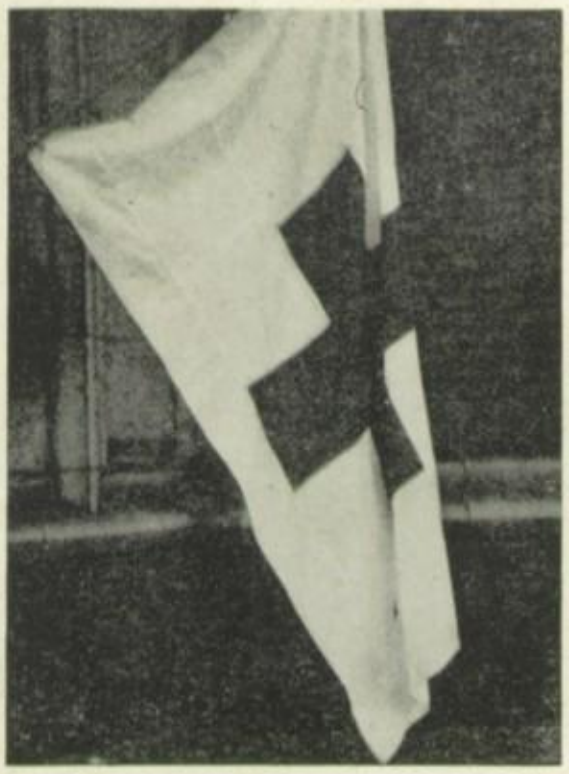


Bob Munz and Alvin Sadler have been the co-managers of the Hughes Book Shop since Tom Cobbe left in September 1941. Bill Newton, with the help of these two boys issues books to all the teachers. Above, Bob Munz.

Mr. Calvert (top right) is the school treasurer.

Mr. Hall checks the boys' attendance slips. (He knows all the excuses.) Mr. Hall manages finances for "Old Hughes" and the "Annual."

Mr. Games is King Otis of 312.

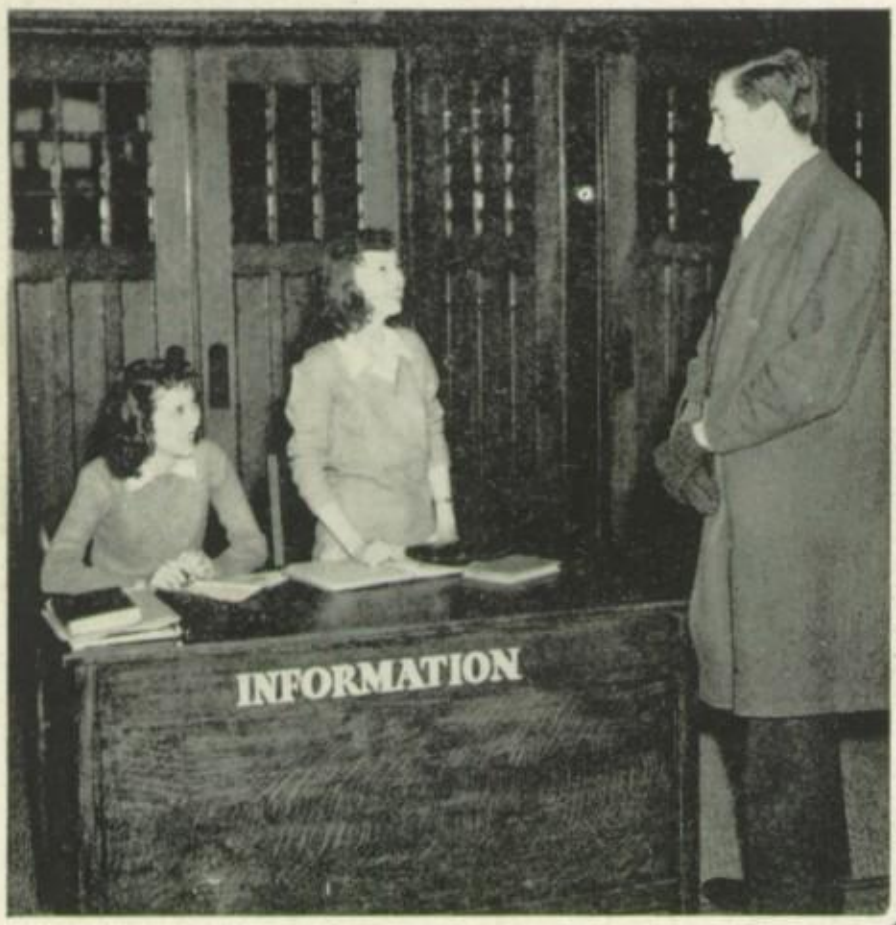


RED CROSS ENLISTS HUGHES

Needles clicked as busy fingers knitted for the Red Cross. In the front hall at noon and at every odd moment, girls turned out sweaters, afghan squares, mittens, helmets, and socks. It was even rumored that some patriotic males had secretly formed a knitting society.

Mrs. Kahn gives first aid to Virginia Larberg

For those who did not knit or crochet there were classes in first aid, canteen, child care, and for senior girls, nurses aid instruction. Colorful scrap books of cartoons, articles of lasting interest, games, pictures, and puzzles were made for naval and army hospitals. The covers were made by art classes, and volunteers did the rest. Both faculty and students went to work for civilian defense.

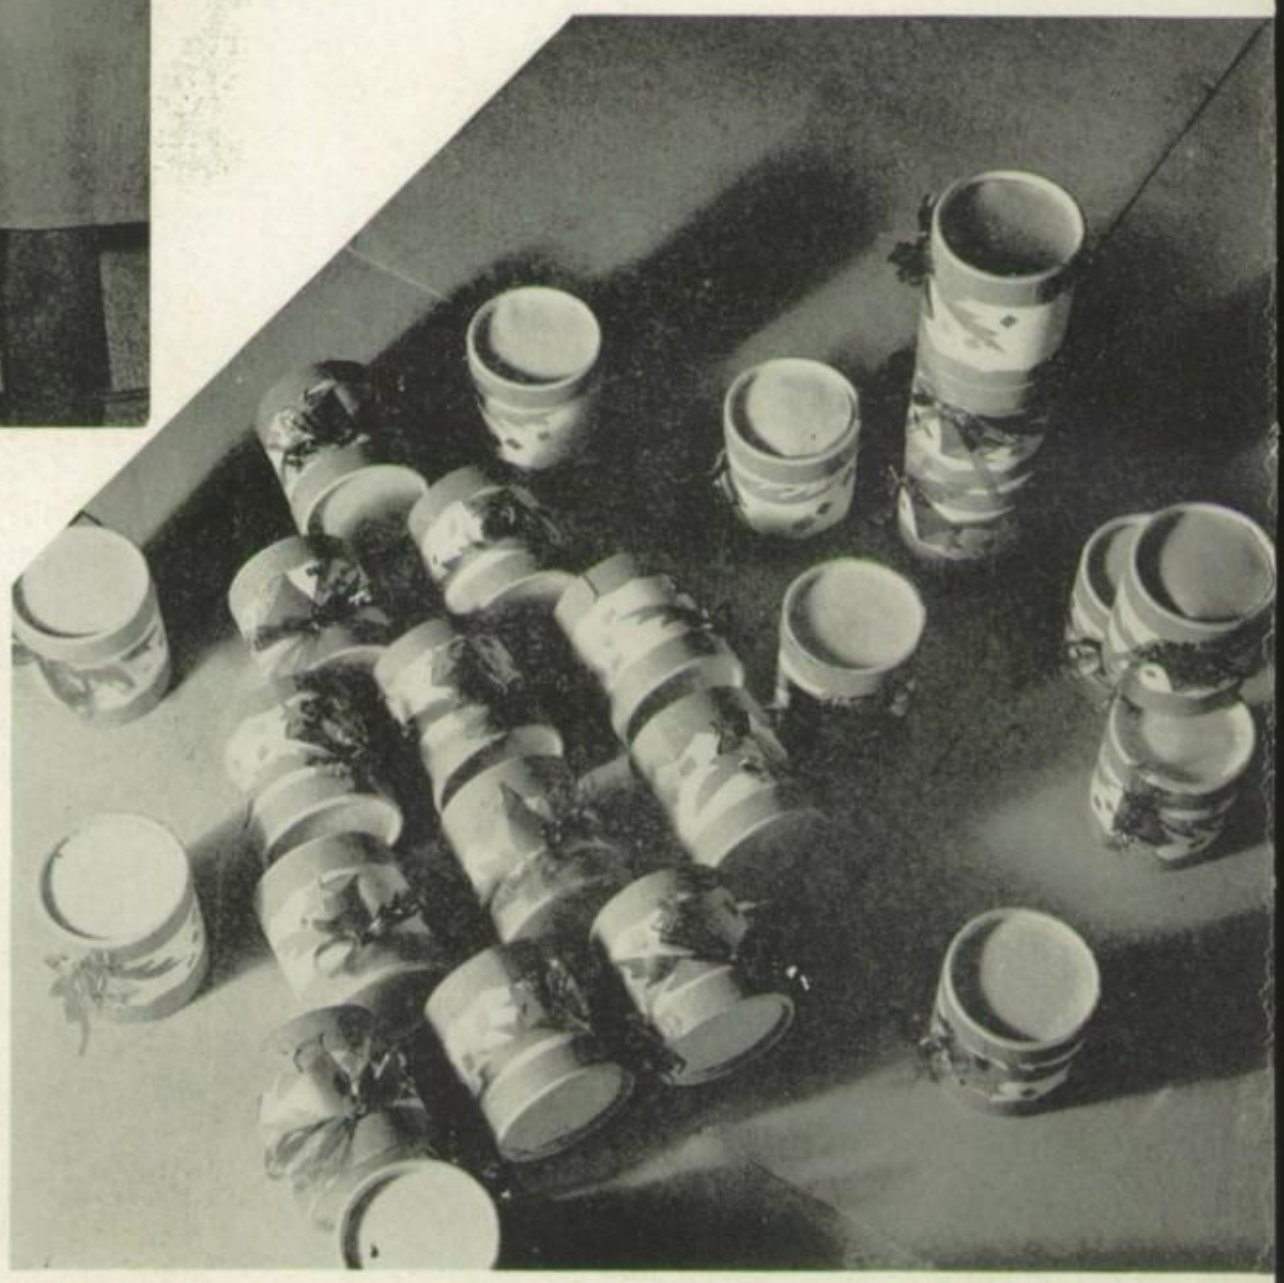


"Where is the boys' gym?"

"How do I get to the machine shop?"

"Where is the principal's office?"

Questions like these and many others were cheerfully answered by the two girls from the Honor League who sat at the information desk in the front hall, taking turns, period by period, throughout the day. People unfamiliar with Hughes became more and more numerous as Hughes shops were used for defense training.



STUDENT AID FUND GROWS

Clink! Clink! Money was dropped into the mite boxes that appeared several weeks before Christmas. The offerings were turned into the office for the Student Aid Fund. This fund lends a hand to students who otherwise would not be able to continue their education. Paper, car tickets, clothing, or whatever it is that is needed to give them their chance come from the mite boxes at Christmas.

Cookies, Candy, and novelty sales by home rooms help to swell this fund. Half of the proceeds of the Sage production of "Old Doc," went to this worthy purpose. One of the finest things about this service is that no one but the person to whom it is rendered and those in charge need ever know about it,—one more democratic custom that "must and shall be preserved."

ART LEAGUE BEAUTIFIES HUGHES

Bubble, bubble! Sparkling water continually plays in the exquisite "Boy and Dolphin" Rookwood fountain, in the front hall. This is only one of the many objects of art and beauty that adorn Hughes—gifts of the Art League. Nor is beauty all that is provided. Besides performing the practical service of quenching thirst, this fountain is a boon to the practical joker. The "goon" with the perverted sense of humor places his finger over one of the spouts as an unsuspecting person drinks from the other. The angry sputtering that follows sends the trickster into gales of laughter. The Art League, since its very beginning, has been collecting paintings for the school. In selecting the pictures the League has made a point particularly of purchasing those by Cincinnati artists. Mr. Siehl supervises the collection of Art League funds by home room representatives.

Ed Sobolewski is the captain of the hall guards who prevent traffic jams in Hughes corridors, slow up the speeders who are sometimes tempted by the alluring straight aways, and during lunch hours halt stragglers who might stray to parts of the building where classes are in session. These boys are efficient traffic cops who make life at Hughes safer and more pleasant.

In answer to the needs of a country at war, the air raid wardens at Hughes have taken their place in the Army of Civilian Defense. Sixty-one seniors boys under Commanding Colonel Louis Doerman and Lieutenant Colonel Joe Nielander patrol the halls during Air Raid Drill. Half a dozen of the wardens, with Mr. Otterman, spent an entire Saturday in reorganizing the Air Raid Drill system. When it became necessary to sandbag certain windows, the boys "rolled up their sleeves" and put in three tons of sand, supervised by Mr. Schaffer. Buckets of sand and shovels have been located throughout the building where they can be reached at once in case of an emergency. Sand is useful in extinguishing incendiary bombs. The pails and shovels were labeled by Mr. Porter. Wardens have learned the use of fire extinguishers. All wardens have been assigned specific stations. The boys have taken their parts efficiently in air raid drills and helped Hughes to feel prepared, come what may. A movie demonstrated to the student body the proper way to deal with incendiary bombs should air raids bring them to our roof tops. The boys who take printing made the affective aid drill station and fire drill signs which help us to know what to do and where to go in case of an emergency.

Prominent among H. S. O. groups is the Honor League, made up of all the senior girls under the sponsorship of Miss M. Julia Bentley for the advancement of friendship, honor and the spirit of cooperation in the school. Their activities begin with a Little Sister party; each senior girl receives a freshman girl as a "Little Sister" to befriend, guide, and inspire. One of the highlights of the year was the Christmas Party which Mrs. Santa Claus attended. Later Miss Fox showed her colored pictures of the National Parks.

To promote good fellowship and high standards among seniors and underclassmen" is the aim of Hughes Club, sponsored by "Gus" Havolic. Don Ball is president of the group which meets each Friday at Hughes, usually having a speaker to address the members. The club has had many activities such as a dinner for our new principal, Mr. Ottermann, and movies in the auditorium after school. The Club is responsible for useful gifts to the school, some of which are the public address system, the office signs, and this year a new motion picture screen in the auditorium.

HUGHES HI-Y AND GIRL RESERVES

The Hughes Hi-Y is a group of thirty junior and senior boys of high scholastic ranking who have bound themselves together to try to put into practice the purpose "to create, maintain, and extend throughout the school and community high standards of Christian character." The Wednesday evening meetings at the Immanuel Presbyterian Church include speakers, banquets, and open discussions. The Hughes Hi-Y joins with other chapters of the club in conferences and varied social and athletic activities.

GIRL RESERVES STRESS SERVICE AT HUGHES

Promoting friendship among the girls is the chief work of the Girl Reserves. A broader contact is achieved by their connection with the Y. W. C. A. Highlights of the year include initiation exercises, mother and daughter tea, Easter breakfast, and the style show.

Some of the lesser but equally important activities were filling baskets of food at Thanksgiving, dressing dolls for the Mayor's Christmas party, and joint sponsorship, along with the Hughes Club, of motion pictures in the auditorium. The Girl Reserves have been ably directed this year by Miss Elizabeth Peoples.

THE PEP CLUB GENERATES SPIRIT

This year at Hughes a new club emerged from the cocoon, called the Pep Club. The functions of this club are what the name indicates, creating school spirit and pep at basketball and football games. A large number of the student body at basketball and football games get that good old desire to shout when the pep club sounds the start. At the Withrow game, the Hughes drum-majorettes presented the Withrow drum-majorettes with smart corsages. A sale of tickets in the front corridors for the double header was taken over by the members of the Pep Club, who proved very successful in their task. Girls garbed in "BRIGHT" sweaters paraded at the various athletic events to visualize the spirit which the Pep Club wants to foster in the student body.

SIGHT SAVING GROUP HAS HEADQUARTERS IN ALCOVE AT HUGHES

The Alcove on the third floor of Hughes High School is the study hall for the Sight Saving class, composed of a group of students whose vision does not permit them to do the work of the regular grades under ordinary conditions. This study hall is equipped with movable, adjustable, dull-surfaced desks, and is well lighted. A student eligible to this class is assisted in assignment preparation by a student reader, chosen from his own group and with high academic standing. This is not a segregated group, both pupil and reader reciting with the regular classes of visually normal students. Most texts are available in large type, as are also Braille texts for the sight saving students. All assignments and home work are prepared at school with the use of typewriters to lessen the eye strain. Statistics show that one out of every five hundred school population is in need of the advantages of this type of education. Graduates in the past years, guided in the choice of an occupation that might be less injurious to their eyes have entered many fields of business.

Miss Laura Cunningham supervises the sight saving work. Jack Gilla demonstrates Braille.

EAT WELL —KEEP FIT

Steaming soups, meats, vegetables, delicious green salads, tempting desserts, cool and hot beverages! Is this a Byzantine feast or the menu of an exclusive restaurant? Neither. It is the daily offering of the Hughes lunchroom where tasty, nourishing food is appetizingly served. It may be a dish low in calories, high in nutrition value for a nymph who is trying to keep her slender figure, or a hearty meal for an athlete.

Miss Portner and her efficient staff, all the boys and girls who help, are giving invaluable service to the student body. They help maintain morale and physical fitness.

The Camera Club has monthly meetings under the direction of Mr. M. J. Doherty. At the beginning of the year a contest was held at each meeting. One of the activities of the club that is familiar to almost everybody in Hughes is the taking of home room pictures. This gives practice to the members and adds money to the treasury. Moving pictures and slides taken by members borrowed from various companies are shown. Developing, printing, and enlarging of black and white pictures is discussed and demonstrated.

Miss Flora Portner has learned how to plan menus and prepare meals for the big Hughes family. Many dishes have their origin in her office.

Candy for Christmas swells the Student Aid Fund before the sugar shortage becomes a problem for cooking classes to consider. Careful measuring and handling produce delicious goodies.

Miss Elizabeth Zorn, Mrs. Hazel Wyman, Miss Elizabeth Peoples and Miss Ruth Helman teach the home making arts at Hughes and head the Red Cross activities. Hundreds of bandages have been made, kits packed, garments knitted.

Most of the girls that take home economics and homemaking are fairly accomplished knitters, seamstresses, and homemakers when they have finished their courses. Girls taking homemaking start out by learning to knit and crochet. They knit sweaters, mittens, socks, bags, or hats. Each one crochets a three-inch square to help make an afghan. At first these

GIRLS WHO TRAIN IN HOME-MAKING TRAIN FOR DEFENSE

afghans were used for Bundles for Britain; now they are used for our own soldiers. Next, they make a skirt or a jumper, and then a blouse, shirt, or jacket. Some of the girls have been heard wondering if they should risk making one of those new three-piece plaid suits, a date dress with a petticoat ruffle, or one of the ballet length formals.

The second-half of the year the girls begin cooking. All joking aside, there are few cases of indigestion, as Mrs. Robinson can testify. The first thing the cooking classes prepare is biscuits, and cocoa. They learn that the film that forms on the top of cocoa can be prevented by putting a lid on the saucepan when the cocoa has been prepared. They also find that handling the dough makes the biscuits tough. Later, the girls make muffins and an omelet or griddle cakes, as they prefer. They soon realize that muffin batter should not be beaten—indeed, it should hardly be mixed. This is their recipe used for muffins:

1 cup milk, 2 cups flour, 2 tablespoons fat, 1 egg, 2 tablespoons sugar, ½ teaspoon salt, 2 teaspoons baking powder.

Sift the dry ingredients together. Beat egg. Add milk and melted and cooled fat to beaten egg. Add the liquid ingredients to the dry ingredients. Stir until the flour disappears, but not until the mixture is smooth. Bake in greased muffin pans of 400° F. for 20-30 minutes.

This year the girls will learn to prepare more simple and more wholesome dishes than ever before, because of the war. The girls prepare cereals and rice dishes and also cream soups and different types of apple dishes.

Many girls have given up some of their study halls to stay in Room 16 to teach girls and boys to knit, and help the more accomplished ones unravel their difficulties. There are 300 girls knitting for the Red Cross and 255 signed up to knit. These girls have made sweaters, mittens, scrafs, afghans, blankets, beanies, and helmets for needy children and for our soldiers. The girls are learning to become good homemakers and to help win the war.

The holiday spirit at Hughes always builds a sum which replenishes our Student Aid Fund, and sends Christmas donations to various helpful institutions in the city. The home economics girls take orders for cookies; they have baked hundreds of cookies.

Art students in Miss Ervin's classes last year designed and executed the striking and colorful frieze in Miss Peoples' sewing studio. Costumes of many lands parade round the walls in a lovely decorative border. The figures are several feet high. The colors are symbolic of the countries to which they belong.

Hughes will certainly have the best and most economically dressed girls in Cincinnati if they follow the suggestions given in their home economics classes. Freshmen are taught the principles of making wise selections of becoming ready-made clothing. In class they have made blouses and dresses of cotton materials. Household buying is taught sophomore girls. Wool skirts such as those shown below were made in class. Junior girls made simple suits, to be donned for Easter. Then, too, sweaters were knitted by the upper grade girls. All classes made triangular bandages for the Red Cross.

THEY SEW AND SAVE

Emily Kueffner wears a plaid skirt with her red blouse; while Mary Lee Stiles wears a yellow sweater with her brown pleated skirt. Emma Mazzei sports her three-pleated plaid skirt with a dark blue sweater.

Marian Seyfried used plaid, also. Audrey Fallon displays her plain tan skirt with a lovely red sweater.

Marilyn Doerner looks quite well in her large-plaid skirt. Janice Kaderli wears her three front-pleated skirt, just the fashion for today.

Cooperation among the students is evident in the purchase by the Salesmanship Club of a large quantity of wool for the Red Cross knitting. Too bad the picture is not in color, the varied hues were lovely! Albert Arndt is holding yarn for Ruth Medick.

Janet Bartling wears her pleated skirt with a tan "sloppy Joe" sweater.

Jean Blersch made a green skirt to wear with her argyle sweater. Alice Fritze displays her brown wool pleated skirt with a green sweater.

Irene Wenger's skirt of plaid goes well with her tan sweater. A "chocolate" brown skirt with two pleats adorns Shirley Ruebel, who wears a contrasting white blouse. That neat little plaid hat belongs to the wool frock that Clara Vieson wears. A red sweater with a brown skirt is worn by Jessie Taylor.

HOME ECONOMICS GIRLS ORGANIZE FOR DEFENSE

Whatever interests girls—beauty, fashion, cosmetics, home management, or home defense—determines the activities of the girls in the Home Economics Club. Miss Ruth Helman is their interested and helpful advisor.

The officers include Marilyn Holt, president; Marian Ruebel, vice-president; Leah Sallman, secretary; and Ruth Fishman, treasurer.

FUTURE AIRMEN CONSTRUCT PLANE MODELS FOR THE NAVY

Boys in the Aeronautics Club constructed solid scale models for the Navy this year. Their meetings have been devoted to a discussion of aviation and model building problems, the group meets twice each month under the guidance of Mr. Hoffmeister. A contest at the end of the year featured exhibition, speed, and endurance events.

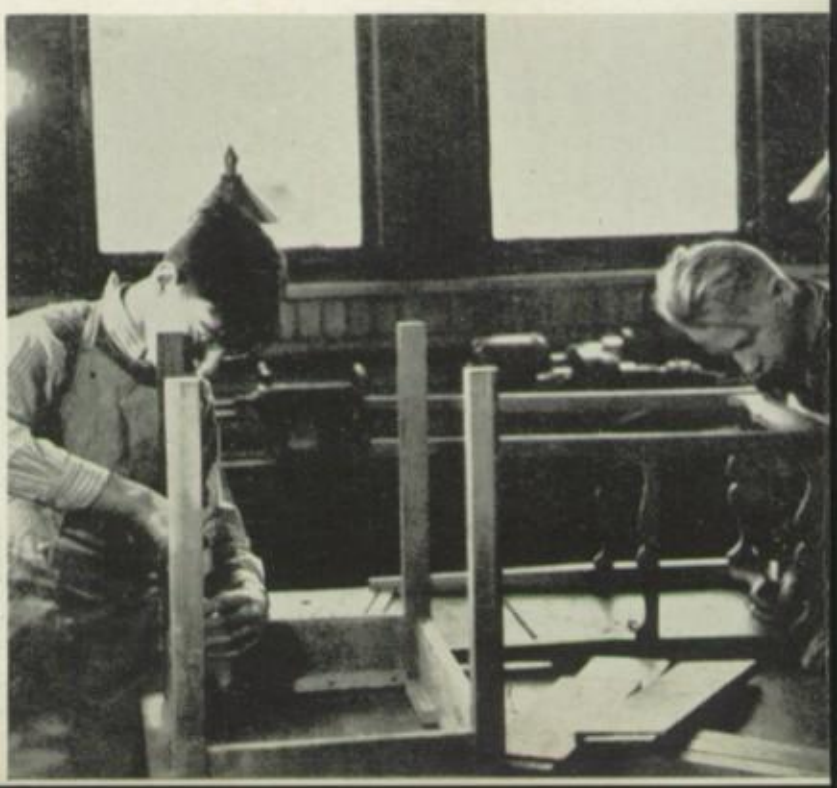
At upper left Mr. Hoffmeister's boys pour molten metal into a mold which they have prepared with care. Just below at right, Allan Feith is shaping his wood with a band saw. Next comes Bob Keller turning threads on a bolt by means of a metal lathe. Below boys assemble a small table which they are constructing in their woodworking course. Below at right, a casting is being removed from the mold. That is Wayne Boone welding a vise made in the foundry. The last operation shown is work at a wood turning lathe.



Work in the various shops at Hughes permits boys to make many things both beautiful and useful. In cabinet making favorite projects are end tables, coffee tables, foot stools, beds, book cases, and smoking cabinets. In machine shop the boys make screw drivers, and miniature jacks; they machine the casted pieces. At Christmas they make hundreds of intriguing toy wheelbarrows for the children whom the Mayor's Christmas helps to make merry at the Yuletide season.

The machine shop is of unusual interest this year on account of the great need for machinists in defense plants. In the machine shop boys learn how to run such machines as lathes, metal planers, and shapers, milling machines, automatic hack saws, and numerous other tools. Knowledge of subject matter, precision, and cooperation are necessary in this work.

Mr. Wineland teaches architectural drawing; Mr. Mathis trains boys in metal work and machine shop practice; Mr. Weilhamer instructs boys in working with wood; Mr. Hoffmeister is in charge of the foundry.

PRINT SHOP RESPONDS TO MANY NEEDS

Mr. Fell directs the Hughes print shop.

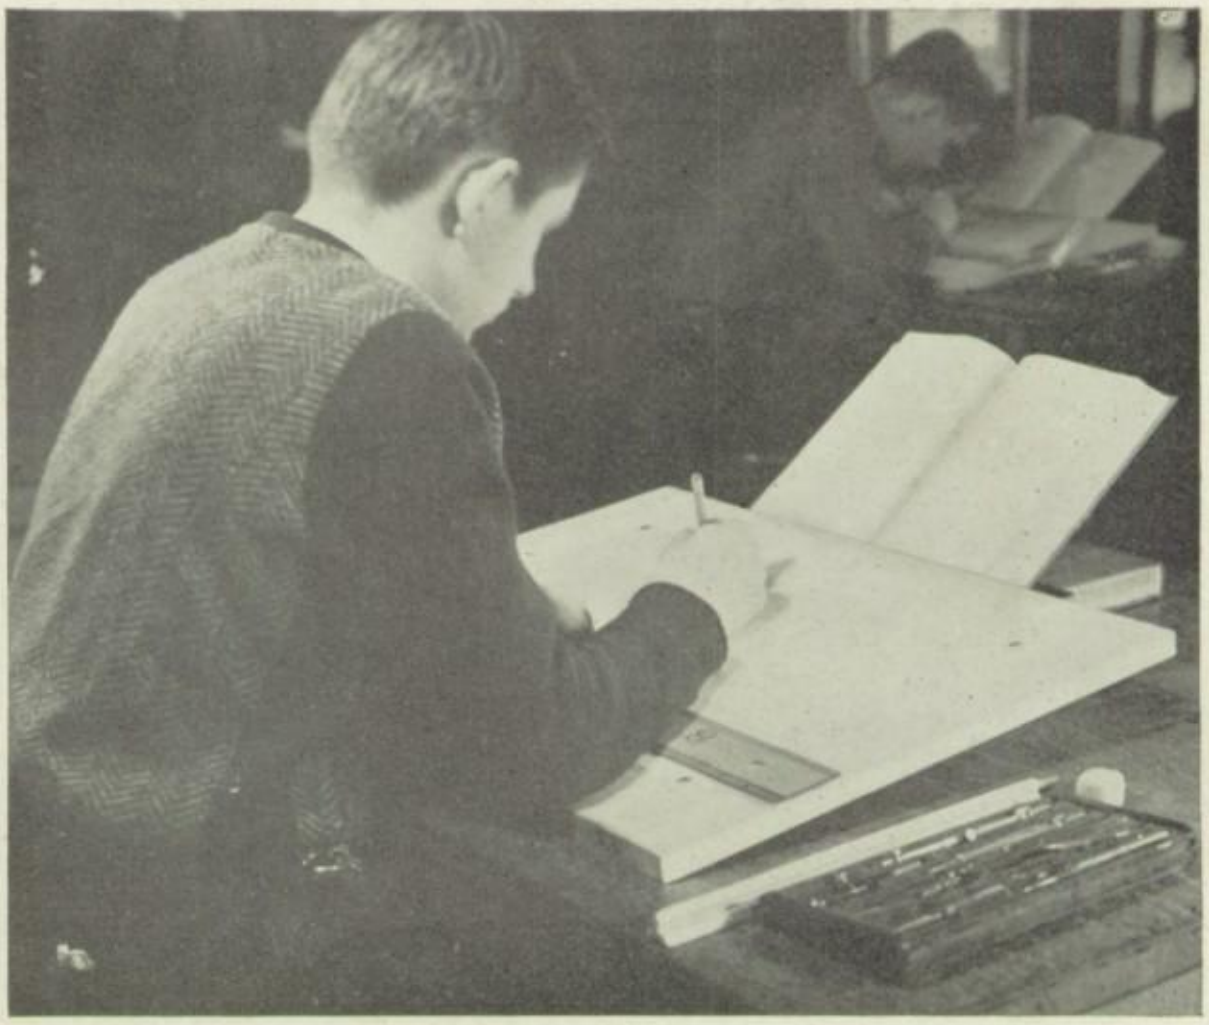
The purpose of printing is to record ideas and thoughts on paper in a legible and attractive style, suited to the use that is to be made of the printed piece. The Hughes print shop serves the school in the production of many types of printed material. This year the print shop boys have printed chemistry experiments, programs for plays, tickets, badges, tardy and absence slips, report and office cards.

PLANNING IS IMPORTANT

The mechanical and architectural drawing classes at Hughes may some day bring forth a great engineer or architect. In these classes the groundwork is laid for a career as a draftsman or a builder. The work done in mechanical drawing is many sided. Gears, structural steel, and sheet metal work are some examples of the material for which the drawings are made. In the first year course, simple outlining and a treatment of circles is given. Second year work includes different kinds of sections and projection drawing. In third and fourth year work, blueprints, tracing, and extensive problems are used. The boys in all classes take up different mechanical features of machinery, new processes, tools, and other devices.

In architectural drawing, elevations and floor plans provide the material for the boys and girls, who are potential homebuilders. If they, themselves, do not build, they will know what features of construction to look for when purchasing or renting a home. The student of architectural drawing finds that previous experience in mechanical drawing is helpful, although not essential.

Teachers of Mechanical and Architectural Drawing at Hughes are Mr. Mobberly and Mr. Wineland. In the above picture Mr. Mobberly is shown helping Elmer Jahnke over a hard spot in the day's assignment.



Raymond Winters is working with some of the tools that are most commonly used in the second year Mechanical Drawing Class. At left are wheelbarrows made for Mayor's Christmas.

GET IN THE SCRAP!

Tin, iron, aluminum, copper, brass, rubber, tin-foil—metal and more metal and scrap is being salvaged all over the country to aid defense. Hughes filled and refilled barrels which were placed at strategic entrances.

A committee of faculty and students planned and carried out a successful, continuous drive for paper and scrap materials. The commercial department helped materially in executing these drives. Students of commerce step into war work, too.

They planned and managed the coat hanger contest, which brought in 25,698 hangers and turned over to our War Chest $125. A cleverly planned party for the Sales Club members was the climax of a busy year. Miss McSurely is the able sponsor of the Sales Club.

ACCURACY PLUS SOMETIMES EQUAL

Studying science gives the Hughes students the advantages and enjoyment of experimenting with material things. They see the miracles of science performed and are given explanations for them. From experimentation and study they gain a better understanding for their future life and are able to throw off the superstitious beliefs surrounding many scientific facts. The practice of scientific reasoning helps every student to think more clearly and derive a definite answer. From science the girls learn what foods are best, how they may arrange a home with the most effective lighting and heating, and how to regard the importance of exact measuring of ingredients. Boys learn how the airplane flies and what causes motors to function.

PERSEVERANCE A SOLUTION

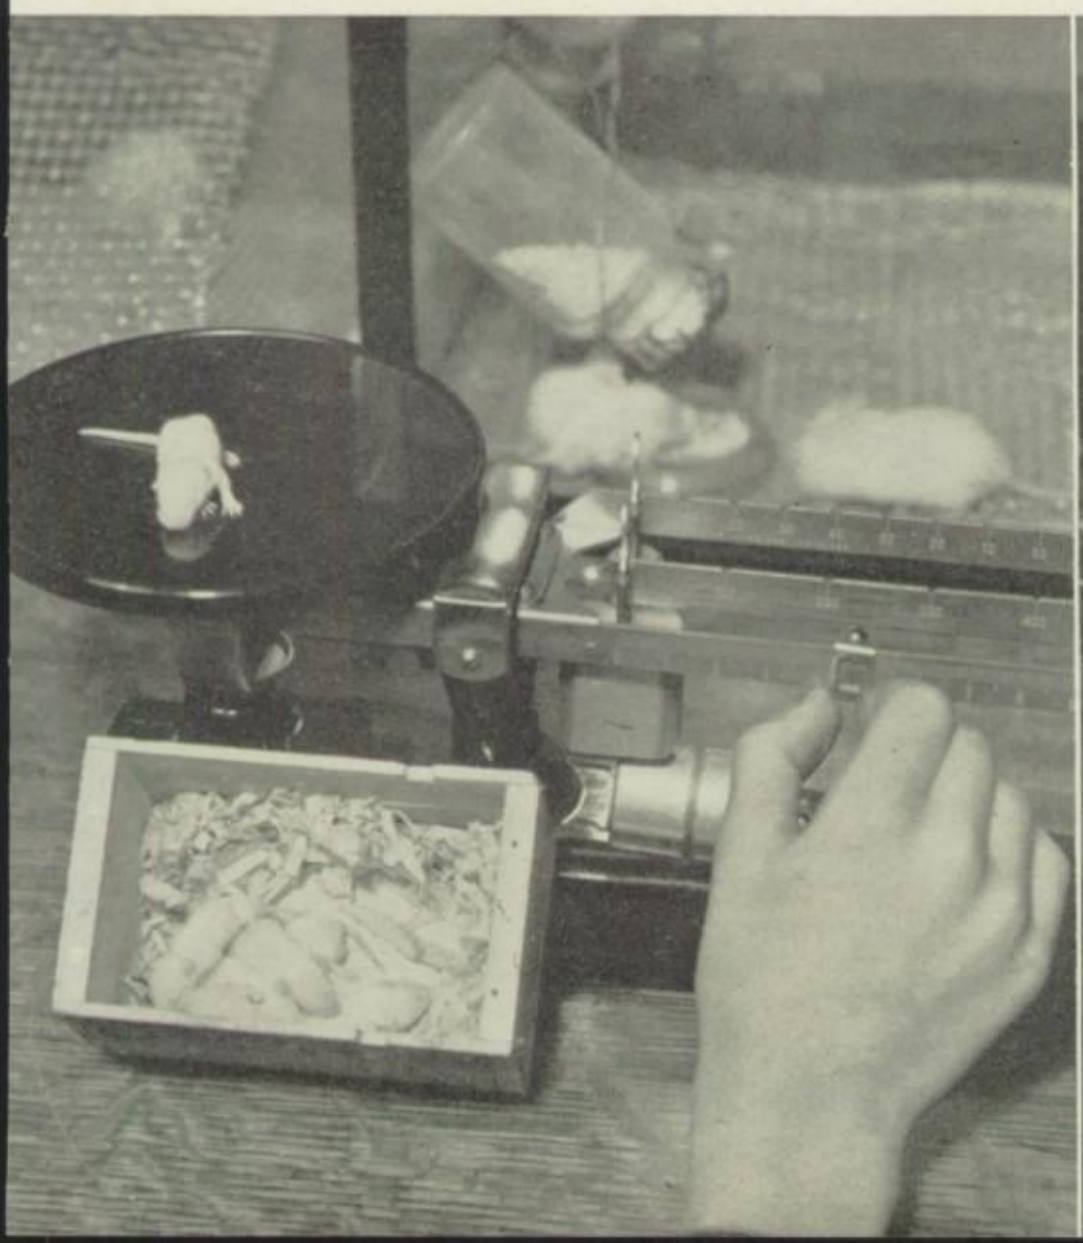
Today science is even more necessary than ever before for the carrying on of a victorious war. The guns, ammunition and tanks, as well as the health and well-being of every American, depend upon the scientists of the country. These young scientists are beginning their effort to help win the final victory.

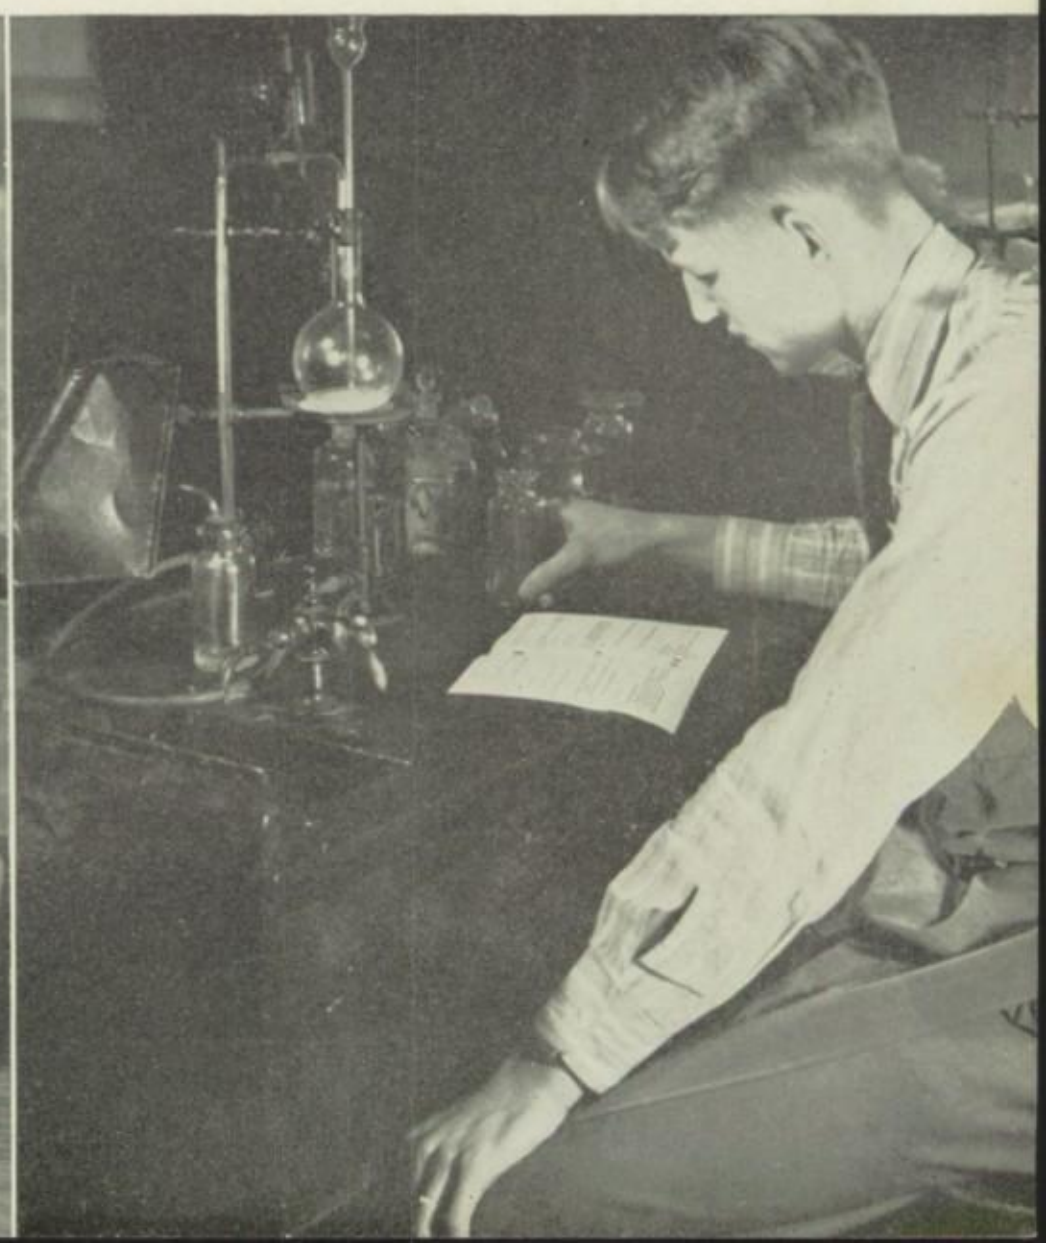
Every graduate from Hughes has at least one year of studying a science. If he takes physics, he studies the elemental structure of our life. If he takes botany or zoology, he discovers the beauty and studies the wonders of nature. If he takes geology he studies Mother Earth. If he goes in for physiology he considers the structure of the body. If he takes general science, he studies a little of all the sciences. Frequently a student majors in the sciences. However, whatever course he chooses, he is better equipped because of it to serve himself and a virile, ingenious America.

Pupils study the principles of photography.

Biology classes this year have been determining the merits of balanced feeding. Here are shown some of their experimental subjects, white mice. By actual test students proved the value of the right food.

General chemistry offers experimental work in the study of important chemicals. Here a student prepares hydrogen chloride for use in hydrochloric acid. A student demonstrates the excellent apparatus found in the school laboratory.





PRODUCE THE FIGURES

When we were very young, we learned elementary arithmetic. You know — "One, two, three, O'Leary," and if you have thirty marbles to start with and lose six to some juvenile racketeer, careful counting reveals that you have twenty-four left. School disclosed further mysteries of that odd science, from the old two-and-two platitude to the fact that there are different places to place a decimal point. But did you know that advanced mathematics would be such fun?

Homemakers have the presidential duty of balancing the budget, the scale being one dollar to a million. Math is essential for thousands of jobs—and you can't get into college without it. Bookkeepers, auditors, accountants, office workers, engineers, and math teachers all agree that math is necessary. It makes for logical reasoning, too; all the great detectives start with an hypothesis and stumble through the steps to the conclusion of the book; just as in the geometry problems! War work offers countless opportunities to graduates of practical or specialized math courses.

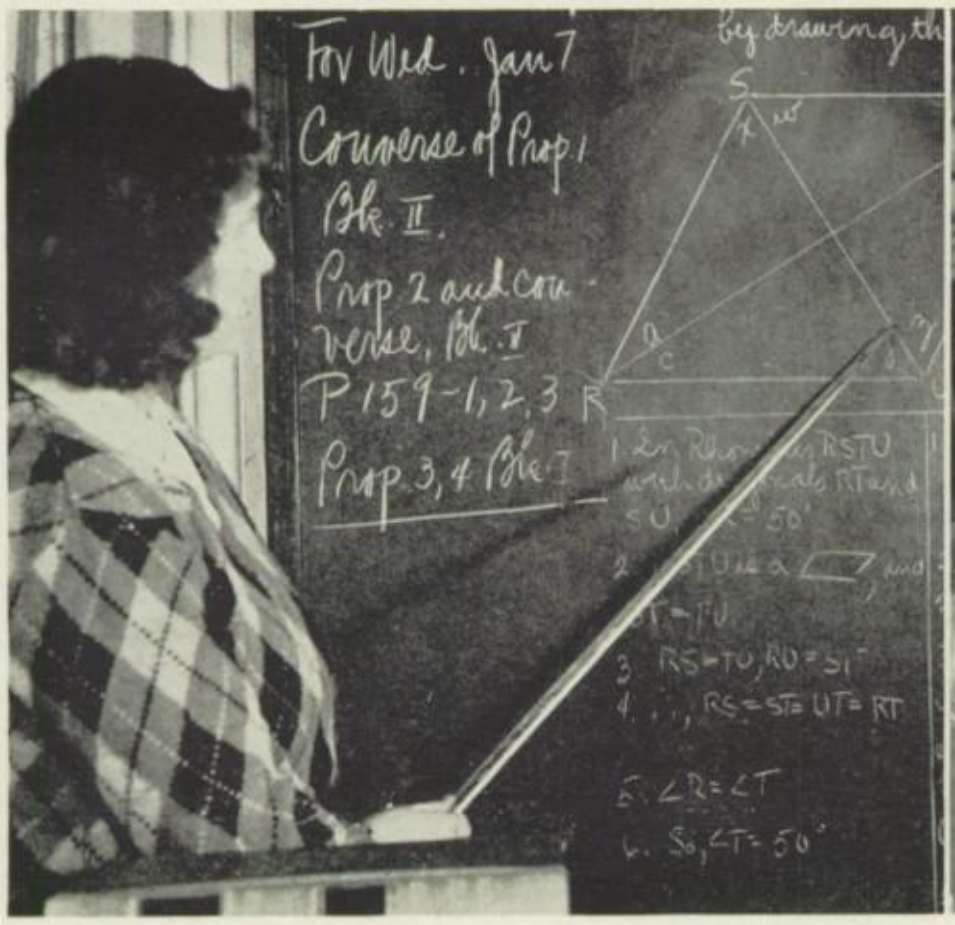
Mrs. McLaughlin is an expert in applied mathematics.



A grotesque stone figure clutching a scroll leans forward from a ledge and surveys his domain. Perhaps, like the ancient Sibyl, his manuscript contains the secrets of the future of a seven-hilled city. Perpetually guarding his treasure, the gargoyle watches come and go those who ponder over the books that have somehow escaped his grasp.

Miss Bejach, Miss Kelly, Miss Barnette, Mr. Baldridge, Mr. Calvert.

Since we have not that precious scroll, we must be content to form an idea of the future from the study of the past. History has been written in order to aid the comprehension of the present, the anticipation of the future, and it is for this reason that it is valuable to be familiar with past events. The knowledge of dates and names is not the only product of perusing the history book. Understanding of economic conditions of the past and today, realization of the fact that "history repeats itself" with the ability to apply this statement, are the rewards of the conscientious

student. With the world in its present turmoil, knowledge of what has gone before assists in knowing what is going on. What causes Hitlers? How have the countries, today involved in war, arisen, grown, survived? What can we expect of their peoples? How are wars won? You'll find all the answers in the history book, and the other books dealing with economics, civics, sociology.

TIMELY ITEMS ARE SUBJECT OF CURRENT EVENTS CLUB

In these turbulent days through which our country is passing, a group of inquisitive students formed a Current Events Club in order to have a broader understanding of timely topics and world issues. During the course of the year the club has had many well versed speakers talk to them. Men from the Red Cross, Army, and University have spoken and enlightened the group. The club is sponsored by Mrs. Elizabeth Chepoorin and Mrs. Alma Thomas, history teachers. Miss Jeanette Less led the group during the first semester, when Mrs. Thomas was ill. The swiftly moving events of today will be tomorrow's history.

On every side there is a babble of foreign tongues. The liquid vowels of Spanish, the musical monotony of French, the crisp, careful consonants of some strange language in which Cicero is pronounced "KiKero"—one hears them all. Some seaport, perhaps? Some melting-pot of the nations of the world? No, we are standing in the hallway of a great building, and the nations are hidden behind closed doors.

There are a great many important and genuine benefits to be derived from the study of languages. The tongue with which we are born is valuable, but supplemented by another, it is priceless. There are to be considered the advantages when traveling, the clearer comprehension of one's own language, the new and valuable friendships that may be formed, and the higher positions in desirable fields to be attained through a language course; especially today is such a course useful.

Magical doors are opened, as one is able to read the great literature of the world in its original form. Stories and poetry having the flavor of thelanguage they are written in give a better insight to the people and land they belong to.

At the French Club meetings, the students get glimpses of France which cannot be procured from textbooks. With the invaluable aid of Miss Louise Bentley, the meetings which are conducted in French, consist of speakers, parties and games.

Spanish is a key to Latin America. La Tertulia, the Spanish Club of Hughes, meets once a month and offers to students of Spanish the opportunity to become better acquainted with the language, customs and traditions of Spain and Spanish America. Club meetings are conducted, as far as possible, in Spanish. Spanish songs, records, games, and playlets add interest to our programs. Miss Helen King is the sponsor of the club.

During this school year we have had several interesting programs including a talk by Mr. Royal L. Gard of the Foreign Trade Club of the Chamber of Commerce. He spoke to us about business conditions in Latin America. (A technicolor film "Mexico on Parade" gave us the chance to become better acquainted with our neighbors across the border).

The highlight of the year was a broadcast to Latin America over WLWO which was arranged by invitation of Mr. Gard. This program gave a brief survey, in Spanish, of our school activities and closed with the singing of the Hughes Song.

Spanish Club officers include Anna Baldock, secretary; Ruth Gandenberger, treasurer; Russell Hoff, vice-president; and Sol Kaplan, president.

English consists of more than the fundamentals of readin', writin', and run-on sentences, more than a solid background of learning and culture for the prospective citizen; it offers a dozen hobbies and potential careers. DEBATE'S THE THING

If five students have spoken with fervor in their classes the past year, it is because they are the select group who have debated with one another, with teams of other schools, and even with their teacher, Mrs. Heile. They have learned the technique of debating, and with their carefully filed white cards of necessary data, are confident of overcoming their adversaries.

"GARGOYLE" KEEPS HUGHES INFORMED

News of Hughes clubs and students, features centered about life at Hughes, columns, stories and poems for the enjoyment of Huzites, and news of Civilian Defense and Hughes' place in the Defense movements, compose the weekly publication, "The Gargoyle." The paper, edited by the juniors, offers underclassmen journalistic training. Miss Hazel L. Koppenhoefer advises the reporters and editors Burt Pease and Ruth Hill. The past year, the paper's fifteenth anniversary, has been a successful one in the life at Hughes. For the first time, this year the Gargoyle has operated under a yearly subscription basis.

"OLD HUGHES" ENCOURAGES LITERARY TALENT

Humor, poetry, fantasies, stories, essays, and student sketches are featured in the literary magazine, "Old Hughes." This year saw a complete transformation from an Old Hughes to a New Old Hughes by several novel ideas. No longer does the publication appear in monthly editions with separate covers, but the magazine is now housed under one cover as a book. Every few weeks several pages were added on the spiral rings. The material for the magazine is contributed by all classes and illustrated with pictures by the art staff. Betty Mauch and Don Miller, New "Old Hughes" editors, together with the constant advice and help of Miss Hazel L. Koppenhoefer, carry on the traditional quality of the magazine among high school literary publications.

WE CALL IT "LIFE AT HUGHES"

Making a year book—it isn't just writing a book—means more to us now that "Life at Hughes" is about ready for the presses, than it did last September. Many people have had a part in depicting the story of a school year at Hughes. The student body is familiar with the camera boys, but many others have collected details and written copy. Much of the book grew gradually behind the scenes in 103. Nancy Lay and Jean Zink have made practically all of the layouts. Don Newman looked after the boys' athletics. Stephanie Brezowski and Bonnie Zachary gathered together the girls' athletic material. Julia Barth did much of the H. S. O. section. So the work went on, growing under the interest and perseverance of the staff.

The big work of subscription was in the hands of home room representatives, under the watchful care of Nancy Shedd, Jack Chartock, and their assistants. They collected the money which must pay the bills. Bill Newton and Byron Sprague drew the cartoons. Janet Augsberger, under Miss Adomeit's supervision, did the drawing at the beginning of the senior album. Louise Schoenlaub, Elsie Kollmorgen, Grace Reynolds, Betty Breneman, Libby Cohn, and Esther Merland were some of the efficient and cooperative typists who used their free bells to get copy into form for the printer. "Life at Hughes" has tried to live up to its title. Its staff enjoyed working together and is grateful to those who have cooperated with their efforts to tell a faithful and fairly complete story.

Editors Nancy Lay and Don Newman talk things over with Advisor Helen Tangeman.

Mrs. Persons directs the harmony classes. Here the students learn the fundamentals of harmonizing melodies and they learn how to write their own compositions. She also has started a music appreciation club which meets every Wednesday to hear great symphonies and other more modern music. Not content with spending much of her time with music, she has also taken over classes in knitting. Here girls and even boys learn to do their small bit for National Defense

Mr. Kratz is in charge of the instrumentalists. Under his able direction, the Band lends spirit and color to the fall Football Season. The orchestra also does its part by supplying the students with lovely additions to many of their programs.

Every Wednesday afternoon the members of the Music Appreciation club meet in 107. They listen to records which have been purchased at their expense. The girls knit for the Red Cross as they listen.

Music plays an important part in the daily life of many Hughes students. The music department sponsors various activities besides the regular classes. The A Cappella Choir is one of the groups which meets during school time and furnishes music for many programs. One of the outstanding choirs in Cincinnati, the Hughes group, impressive in their black robes and red stoles, has had many fine performances this year. The Boys' and Girls' Glee Clubs are also singing organizations which present music for auditorium sessions and the Spring Concert. A new group has been organized this year. It is the Junior Choir, composed of lower grade students, as a means of preparation for the Senior Choir. The orchestra forms an important activity for many talented students. This group furnishes entertainment for auditorium sessions, and they, too, are an integral part of the Spring Concert. Anyone in Hughes who enjoys music, although he may not be talented enough to belong to any of these groups, may join the Music Appreciation Club which meets for the express purpose of listening to and enjoying classical music.

Hughes owns a large supply of records.

Hughes Band of 1941-42 participated in many activities throughout the school year. It was a colorful spectacle at four football games; it added to the enthusiasm at many basketball games; and played on Fountain Square for the benefit of the American Red Cross. Along with the other activities of the year, the band gave a concert for the old folks at the "Little Sisters of the Poor" on Riddle Road. In spring the band participated in a concert at Hughes on May first; participated in the South Western Ohio Music Festival held at Oxford, Ohio, on March twenty-first; and marched in the Memorial Day parade. Mr. Raymond Kratz directs the band.

Bill Vaughn, whose gorgeous Indian regalia adorns the introduction to the athletics section of "Life at Hughes", performed between halves at football games his authentic Indian dances. Jim Stone, a Hughes graduate, was his tutor. The intricate and stirring exhibitions were appropriate for contests in which the Big Reds battled.

POSTERS CONTRIBUTE TO DEFENSE

With a grand prize of twenty-five dollars as an added incentive, student artists are busily making posters for a poster contest sponsored by the Cincinnati Symphony Orchestra,—appeal to the ear through the eye. Lettering, abstractions, posters, and layouts are but a part of the program of the commercial art classes.

Miss Adomeit, Miss Ervin, and Mr. Porter teach the appreciation and application of the principles of art. Many students take advantage of the opportunities offered by the classes in art adapted to the various levels which emphasize the creation and appreciation of the beautiful.

BEAUTY AND USEFULNESS GO HAND IN HAND WHEN THEY HAVE LEARNED TO KNOW EACH OTHER

This attractive metal work is the result of the labor inspired by the classes in arts and crafts. Pewter, silver, and leather are the materials used most often. Students treasure the lovely pieces that they make; the whole school enjoys an arts and crafts exhibit. A broadcast by Hughes pupils under the direction of Miss Gladys Dee Ervin presented to the radio audience a typical craft class in order to show what an amateur can achieve.

TOWERS – MANY TOWERS!
BUT THE TOWER OF HUGHES
AGAINST A CLEAR BLUE SKY
STANDS TALLEST.

THE SENIOR ALBUM FOLLOWS, DEDICATED TO THE FIVE HUNDRED ABOUT TO GRADUATE FROM HUGHES. SOME WILL NOT WAIT UNTIL FALL TO ENTER COLLEGE, BECAUSE THE EMERGENCY ENABLES STUDENTS TO BEGIN UNIVERSITY COURSES AT ONCE. SOME WILL BUILD PLANES, TANKS, SHIPS. SOME WILL WORK IN HOSPITALS AND LABORATORIES. MANY WILL GO INTO THE VARIOUS BRANCHES OF THE ARMED FORCES IN ACTIVE SERVICE. WHETHER IN SCHOOL, AT DEFENSE JOBS, OR IN THE ARMED FORCES, THEY WILL CARRY THE INFLUENCE OF HUGHES OVER THE TOP.

Best of luck,

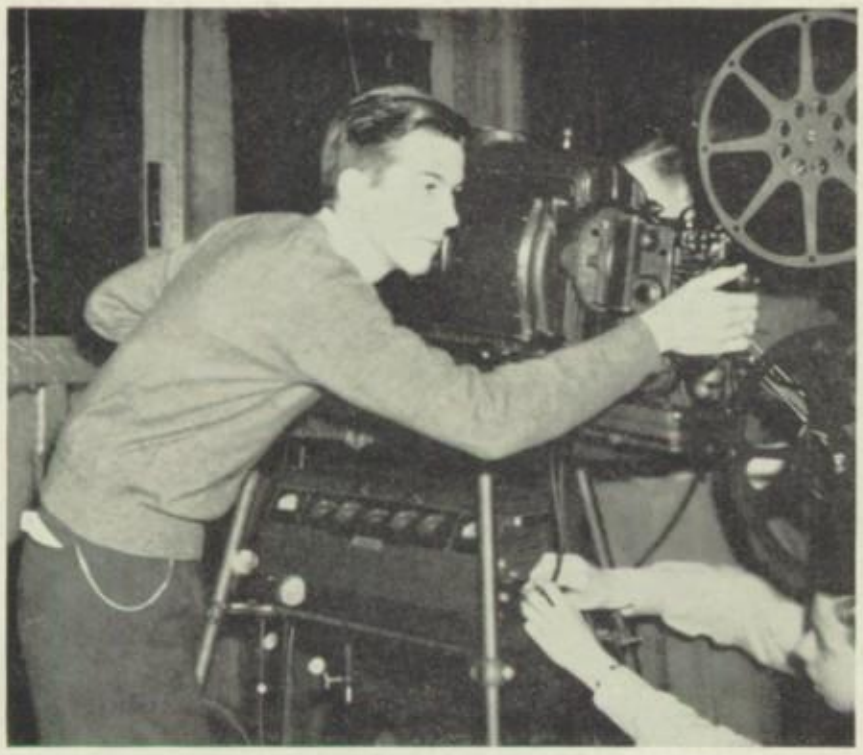
Life of a Senior

Being grown-up is fun; any Hughes senior can testify to that, for to the Senior Class, and to the seniors as individuals, are entrusted positions of leadership and responsibility which a Hughes student has come to value and enjoy. Graduation is the culmination of that year of greater interests, friendships and pleasures, our Life as Seniors. But graduation also brings to a close our four years of Life at Hughes. Is it possible that the bewildered freshmen of '38 have become the proud seniors of '42?

In 1938 the newly-welcomed Huzites were filled with school spirit by an outstanding Hughes eleven, which rolled up seven victories to become city champs. A freshman bell band made them feel at home. The "Transcontinental Revue" and "Seven Sisters" showed newcomers the lighter side of school. More successes were piled up for basketball, baseball, tennis and track—seven city championships! Victor Herbert's operetta, "The Red Mill," awed freshmen in April.

As sophomores, the class of '42 began to gain recognition in school activities. The Big Reds took the gym, cross country, and tennis laurels. "The Old Professor's School Daze," "Adam and Eva", "The Valiant," and "The Passing of the Third Floor Back" will long be remembered.

As juniors, things really began to happen for the 42'ers. Ascap vs. BMI featured many junior stars and the best slogan for School Spirit Week belonged to Pat Thomas. The Sages presented "Death Takes a Holiday" and the prize play, "Dicator Visits his Mother." "Sweethearts" was the spring operetta. The class of '42 bade fond farewell to Mr. Charles M. Merry in his last year as principal of Hughes.

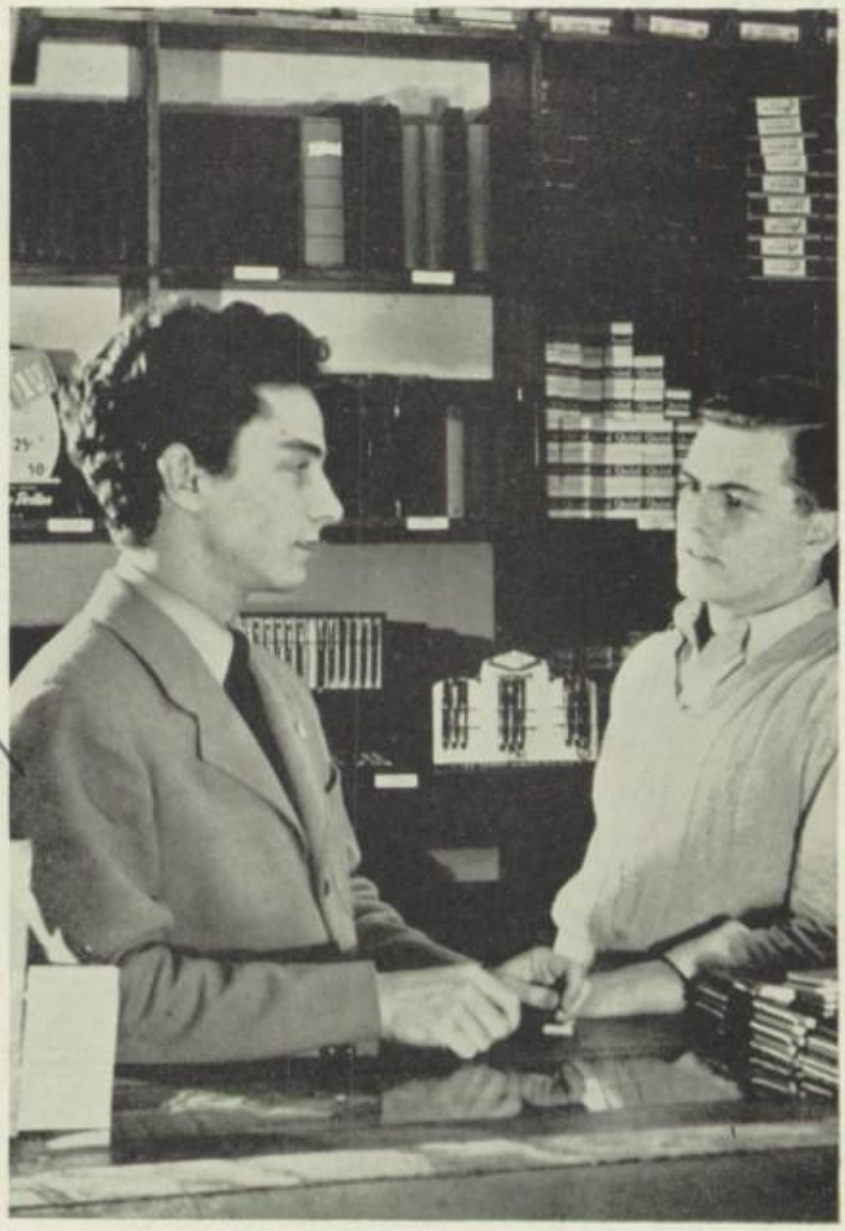


"Our own photographer", Howard Breitholle, tinkers efficiently with the intricate mechanism of his favorite tool.

Betty Lou Dotzauer returns the correct change to June Catterall.

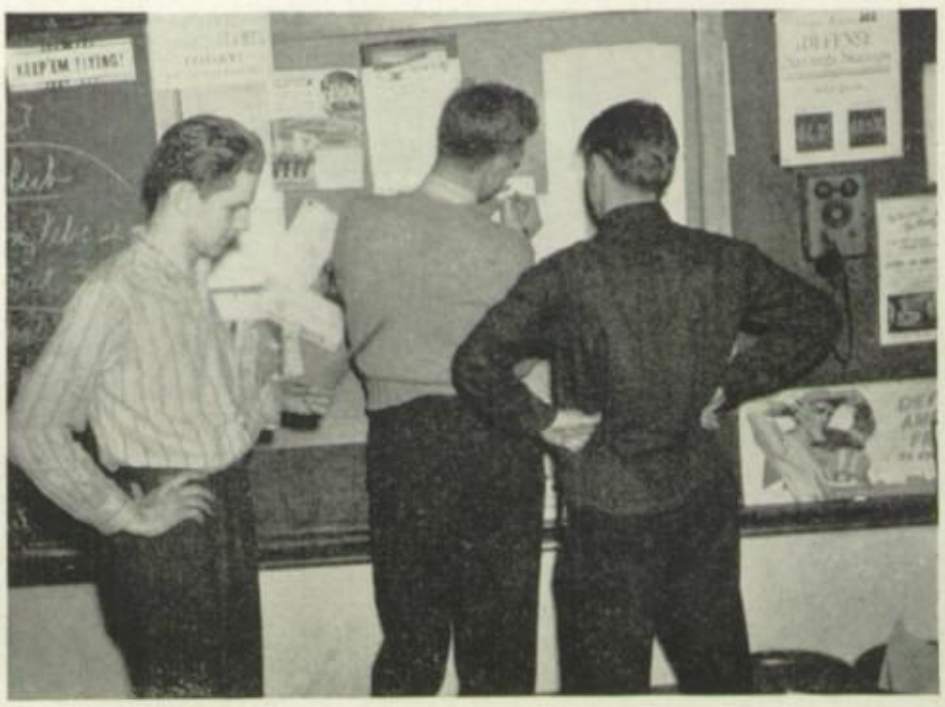
In September, '41, '42 came into its own. Ray Huge had been elected president along with Bonnie Zachary, vice-president; Patty Martin, secretary, and Don Osterbrock, treasurer. The class was introduced to the new principal, Mr. Charles Ottermann. Once again the Big Reds fell victim to the Withrow Tigers, but reaped honors in volleyball, cross country, and gym. As Hughes pitched in to do its part in the war effort, many seniors were drafted as air raid wardens, knitters, nurses' aids, and machinists.

Teetering on the rungs of the book-room ladder, Bill Newton arranges the well-stocked shelves.



Salesmen Al Sadler and Bob Munz discuss their latest "high pressure" methods.

A handsomely arrayed bulletin board invites senior girls to look to the future.



The future meets the boys, with ideas of college, jobs, and the army.

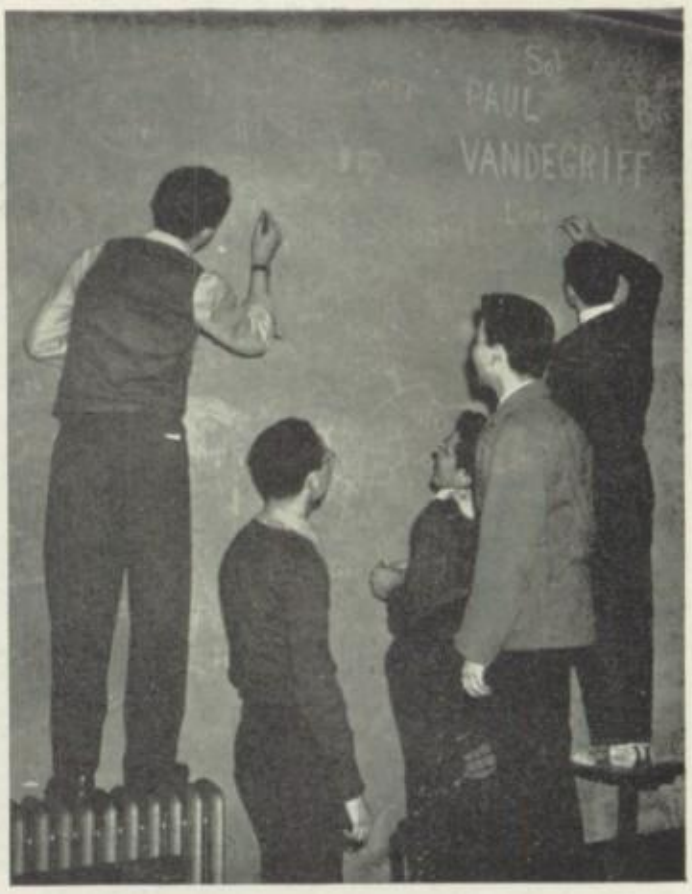
205 sees the lighter side of life at the Honor League Christmas party.

The unsurpassed news flashes of the 312 blackboard reveal a true picture of the Life of a Senior Boy.

A dark, cold winter morning finds the paper drive in full swing.

Seniors, enjoying hefty lunches, are surprised to see the camera.

A beautiful Saturday morning, an offending underclassman, and weeds from Hughes' front yard show the far-reaching influence of 312.

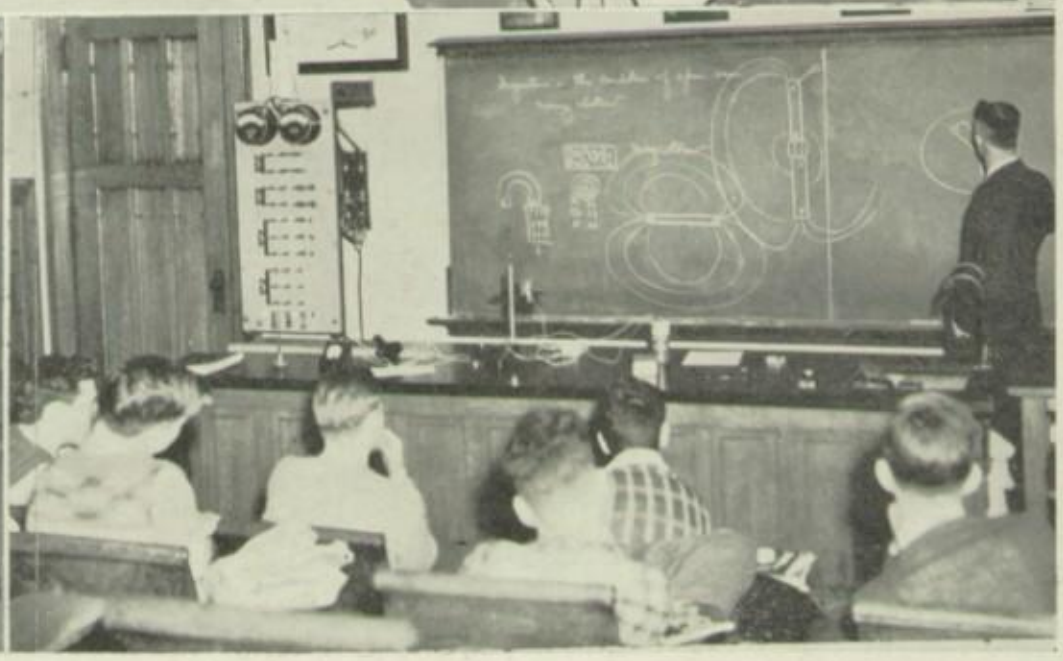


The "King's" charges leave their mark for posterity. Below is Brother Newman's classic.

O you're glorious to see, and we love and honor thee
Victory to gain, in triumph always reign
Ever kingly in state, our praise you're sure to rate
We'll not forget the days in Old 312!

Bravely we'll fight for our liberty and right
Forward brave men, our land we shall defend.
Sons, fill those ranks; we will form a rock phalanx
Beware all enemies, 312 fights on!

Miller, Newton, and Bolton, Inc. portray, in 312's mighty production, the epic struggle between Harry Hudson Calvert and "King" Otis Games.



Red Cross knitting classes, well patronized by A Grade girls, learn the "ins-and-outs" of needle manipulation, doing their bit in the war program of Hughes.

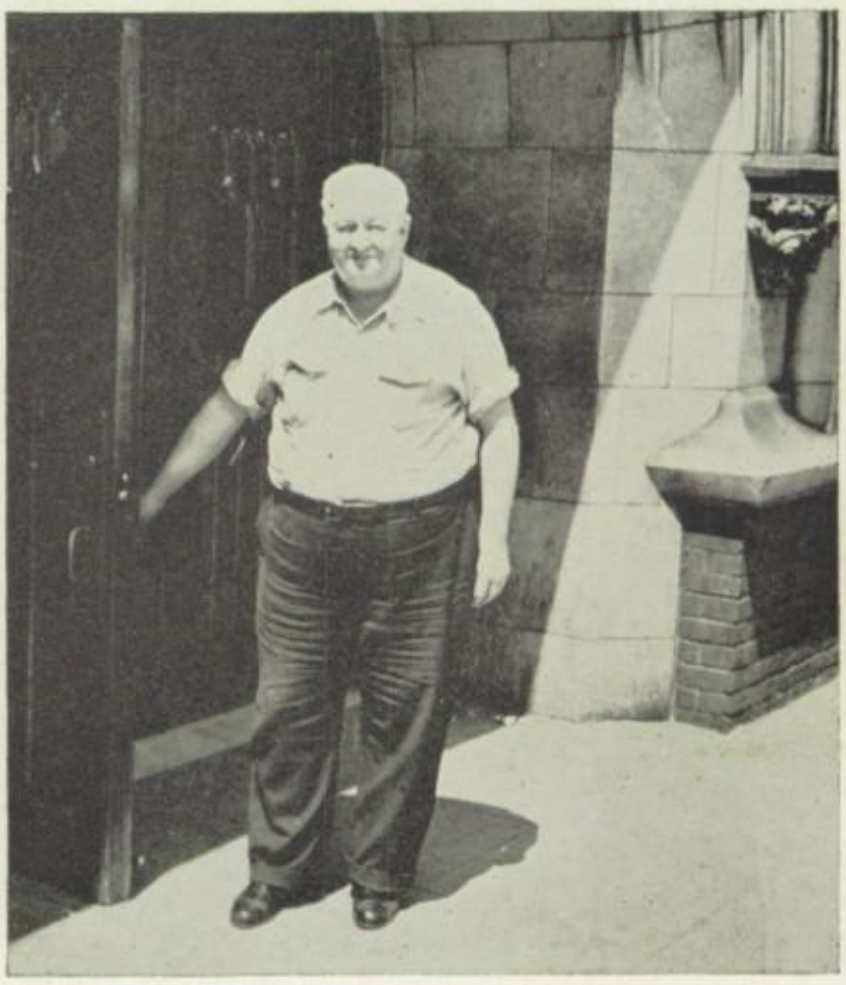
16. Rehearsal for commencement.

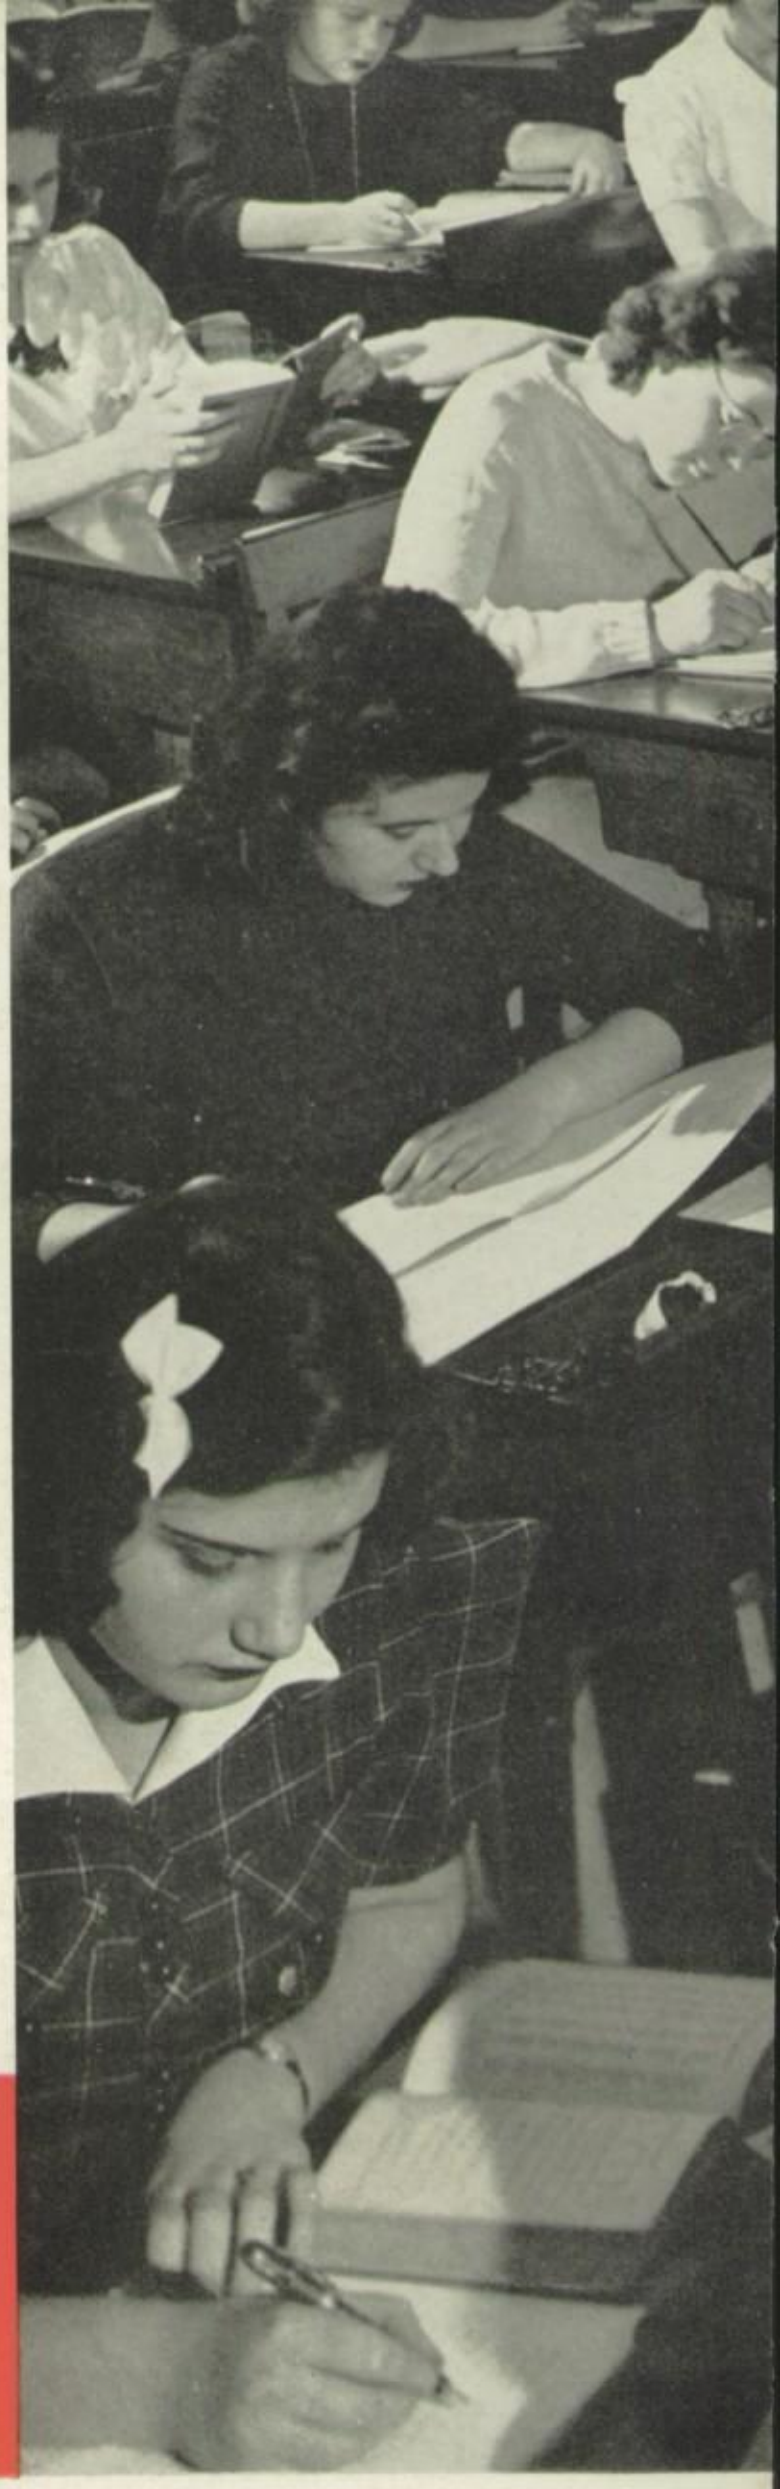
17. Commencement at Music Hall.

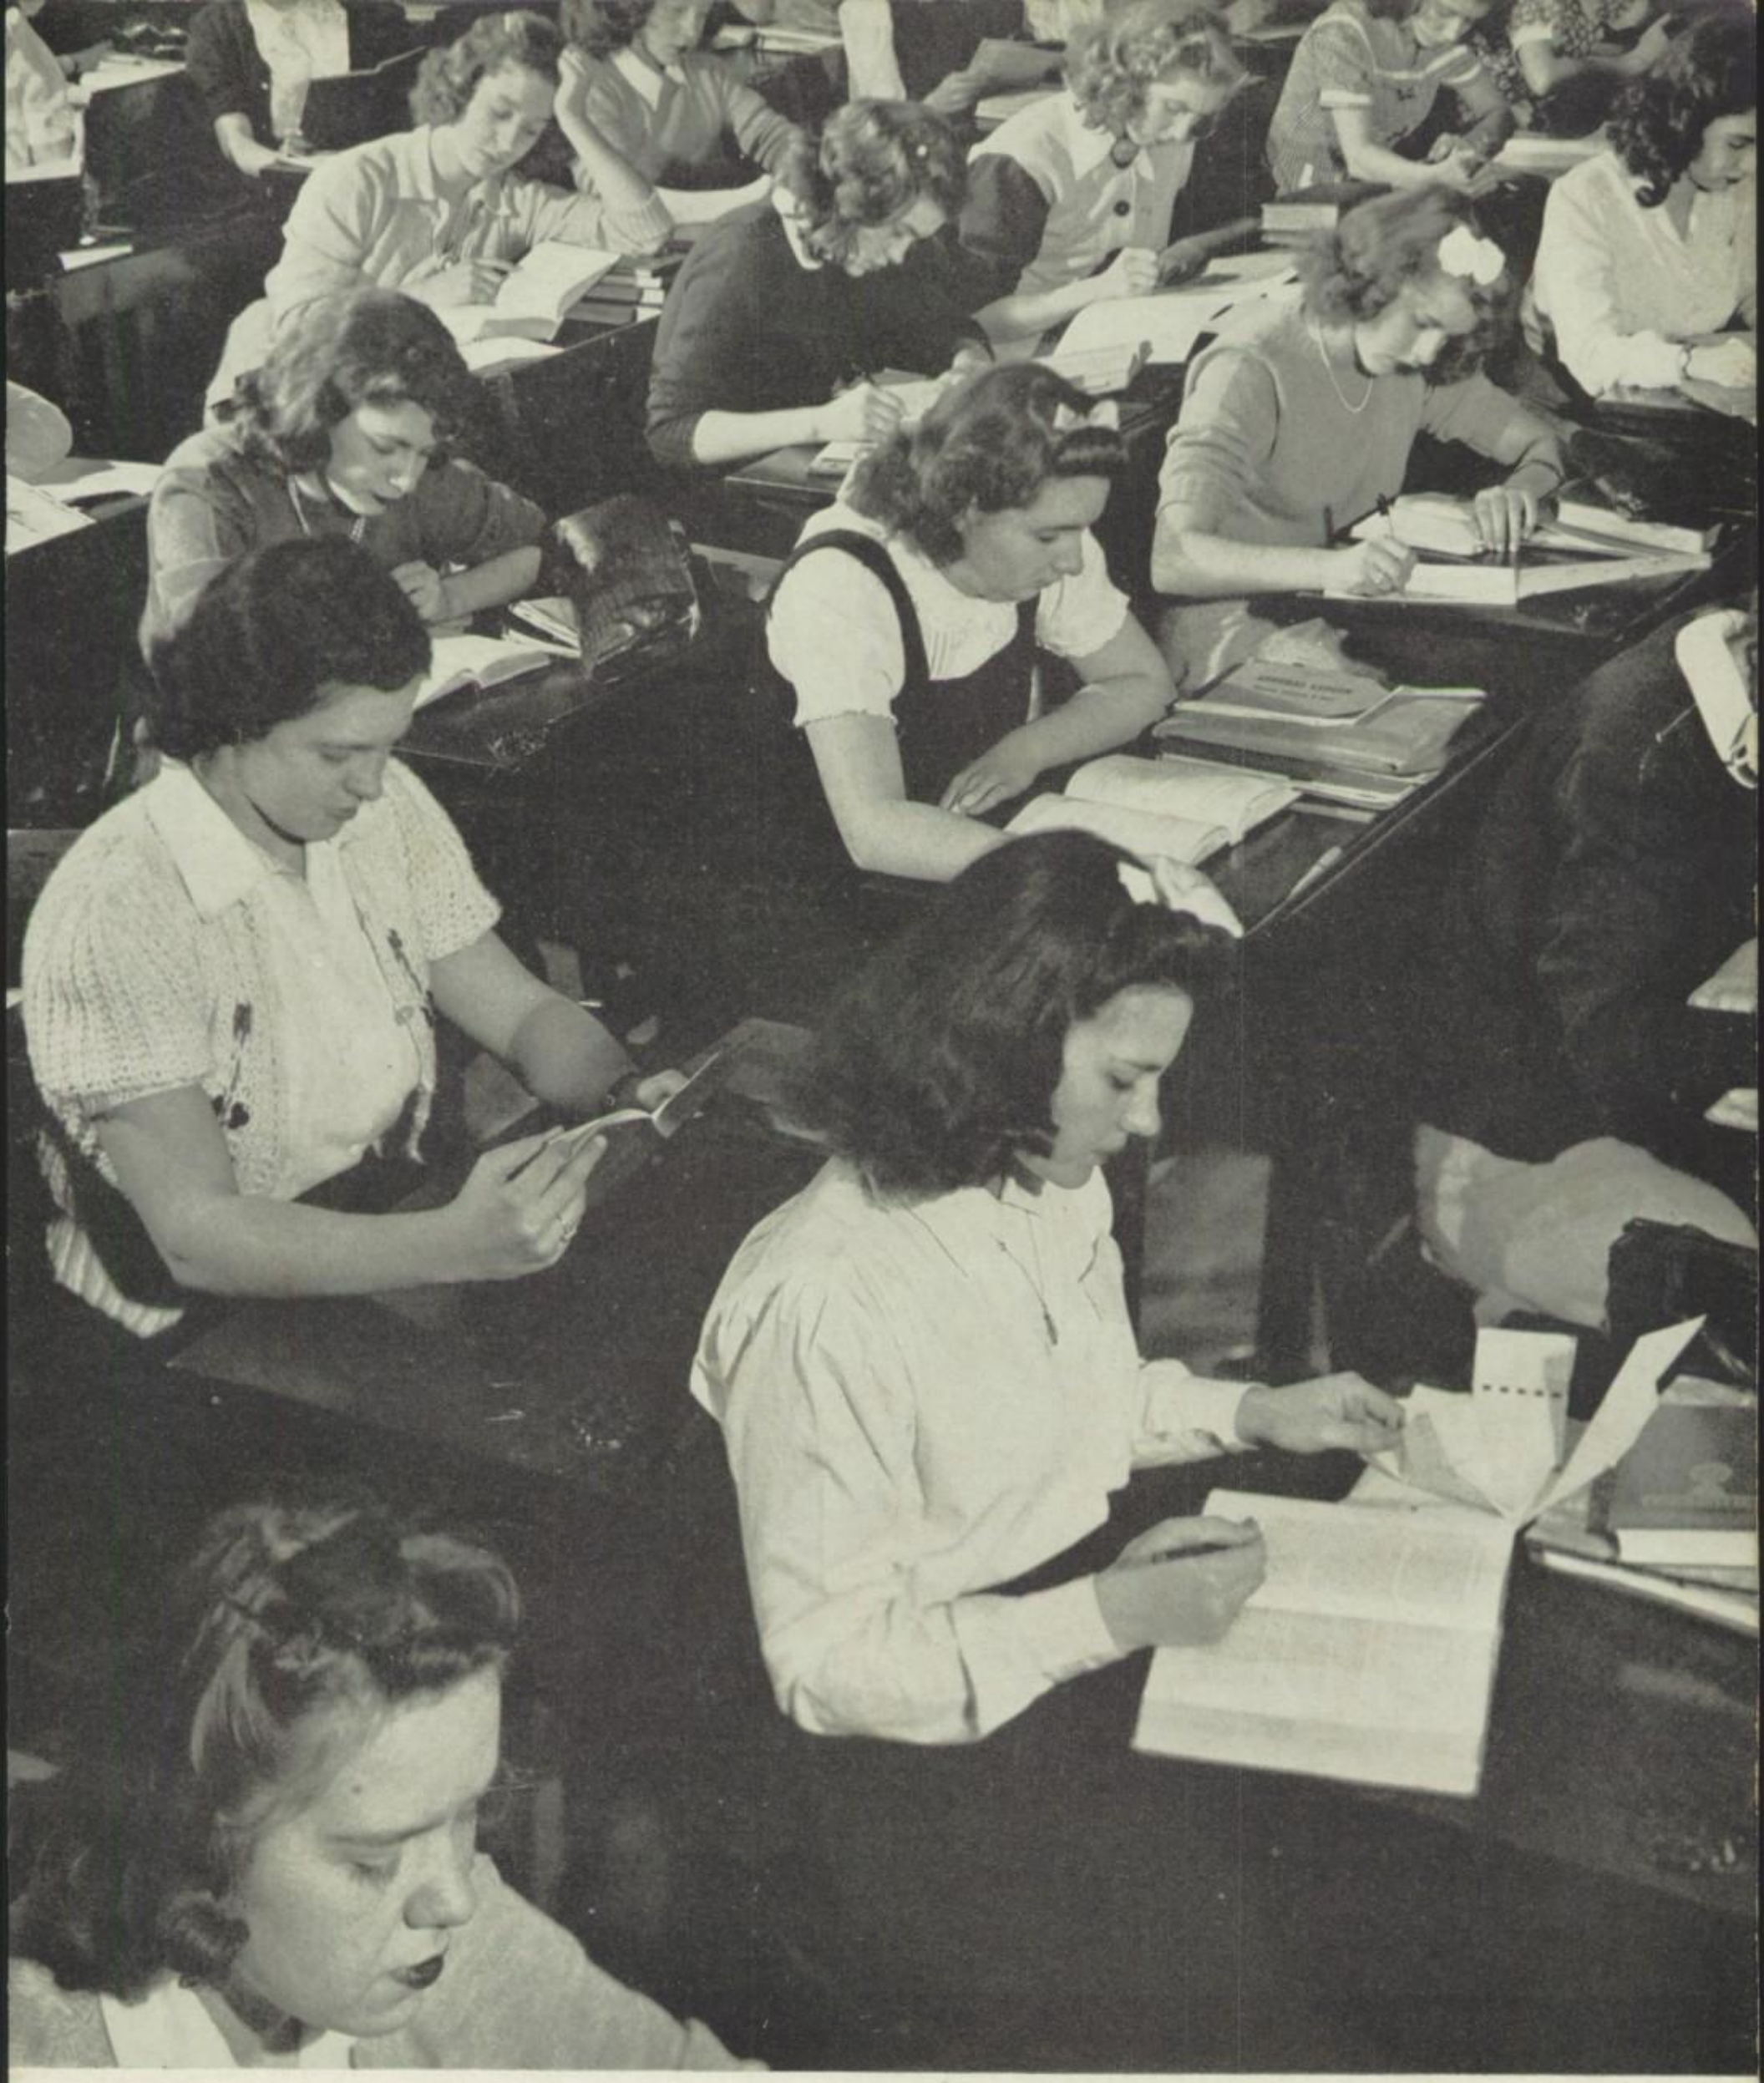
19. Dick closes the school doors, to open them next day for summer school.



SCRUTINIZE, RECOGNIZE, AND ANALYZE THE PHYSIOGNOMIES HERE PRESENTED. THEY ARE THE UNDERCLASSMEN AT HUGHES. THE NEWLY CROWNED SENIORS HAVE HAD THEIR IMPERIAL FUN, BUT EVEN THE NOVICES HAVE IN TIME ASSUMED THEIR PLACES AMONG THE SOCIALLY PROMINENT. NEW FACES HAVE BECOME FAMILIAR FACES. SUBS ARE SIGNIFICANT FOR THEIR NUMBERS, AND FOR THEIR QUALITY; THEY ARE HUGHES. EACH CLASS HAS BEEN ARRANGED ALPHABETICALLY. FIND YOURSELF. WE ALL GO TO HUGHES.

SUBS





Lois Huenefeld, Barbara Hayes, and Isabel Freund visit Miss Wagner's office for the first time. They will return often this year, for Miss Wagner is advisor to all freshmen girls.

The first week of school finds these boys getting their first taste of the Hughes Lunchroom.

Proud Freshies carry home their new books.

Life of a freshman

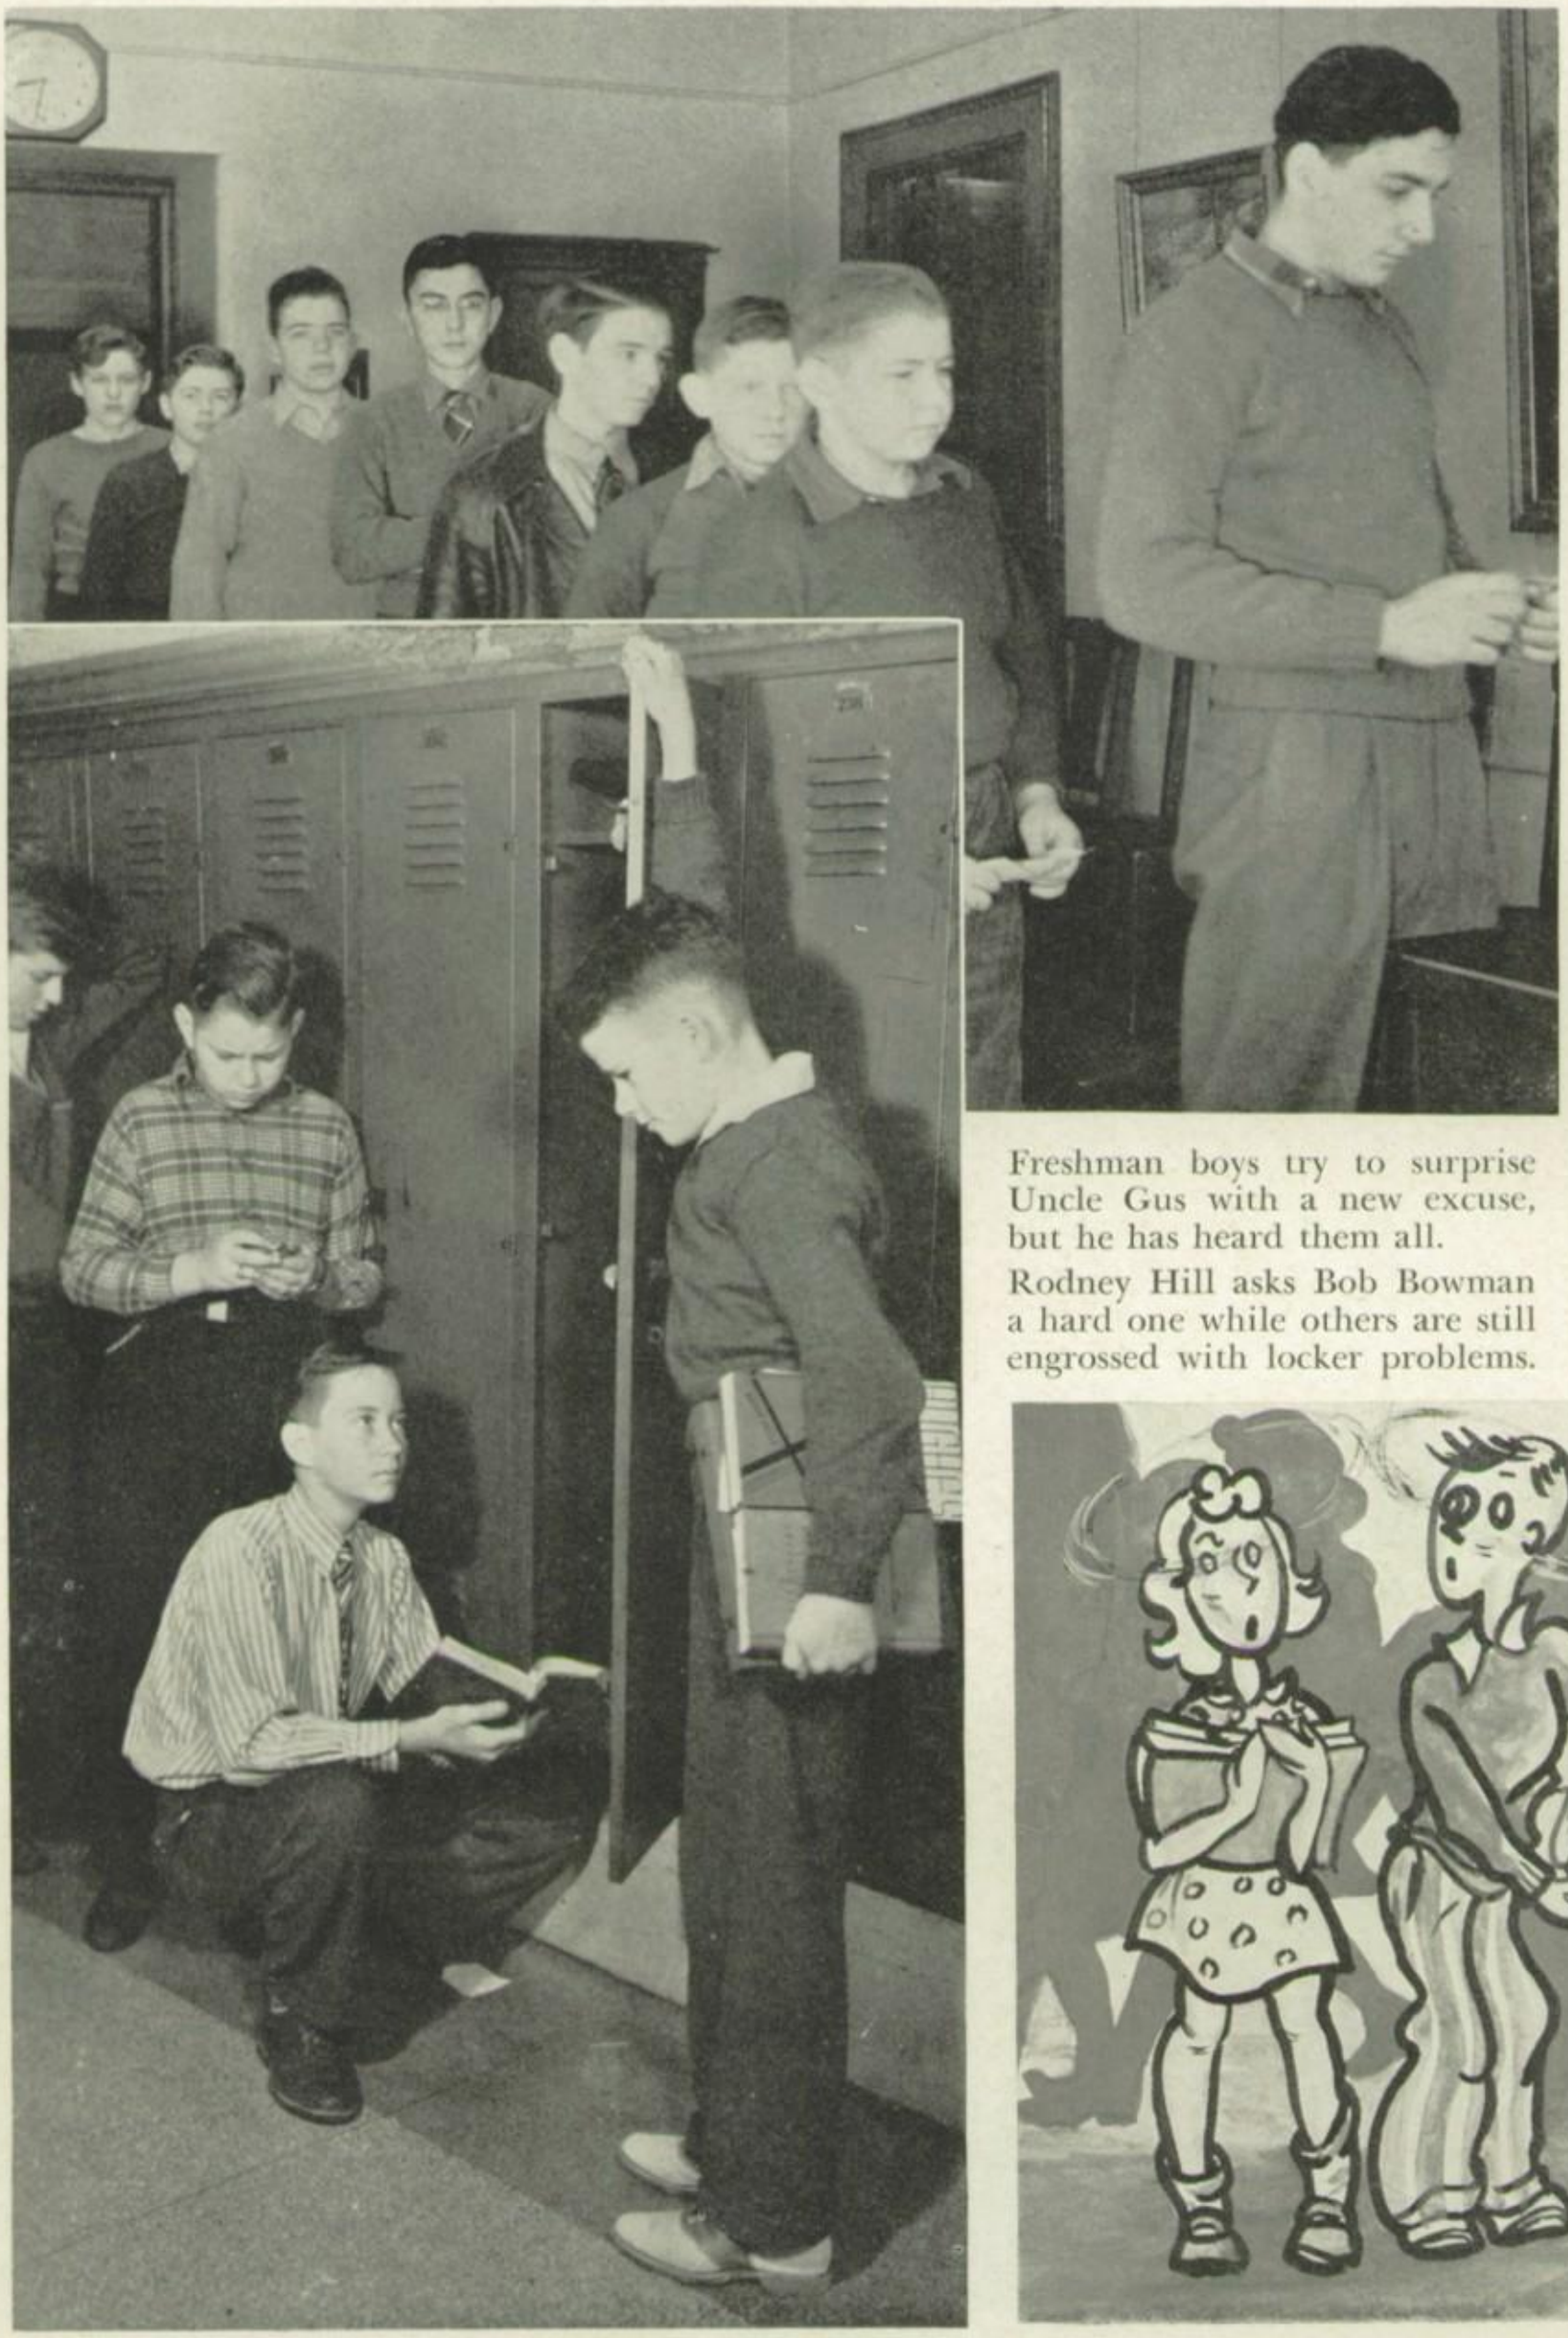
The inside door of Hughes opened once again last fall to gather in hundreds of freshmen who were waiting eagerly on her broad steps. Yes, once again she greeted them with that warm friendliness which has never yet failed to reach straight into the heart of every newcomer.

Soon we were used to the inevitable scramble that takes place in the locker rooms at the beginning of each gym bell; the lunch lines where hungry people stand first on one foot and then the other, all the while making good use of the time to pass on the latest gossip to their friends, or exclaim over a new jacket or a dandy pair of socks. We began to feel at home lounging in the front hall at noon where the account of the first half of the day charms a ring of interested comrades. We learned the art of pushing our way through innumerable crowds, rushing down steps and arriving not too out of breath before the library doors in time to be admitted. On the front steps after school, there are freshmen as well as upperclassmen discussing what to do that afternoon, or perhaps that evening. Yes, I am sure that everyone will agree—Hughes is a grand old place. So when we sleepy-heads crawl out of bed on a cold morning, when we stand shivering on a corner waiting for a bus, or a street car, when we tugs futilly at piles of books, remember that some day we will be grateful to a huge friendly building in which we spent the best four years of our life. We can be grateful now.

Tom Miller, Bob Riehle, and Waldo Hoeweler take possession of their lockers.

The time has come at last for the first report cards. These freshmen look happy.

Big Sisters Marian Ruebel and Betty Mauch welcome Julia Toth and Ruth Becker to Hughes.



Freshman boys try to surprise Uncle Gus with a new excuse, but he has heard them all.

Rodney Hill asks Bob Bowman a hard one while others are still engrossed with locker problems.

Freshmen usually prove the lunchroom's best patrons. The upperclassmen here show them how to do it.

"Lady Godiva" really frightens green freshmen.

Climax to a semester of hard, hard study is the first exam. Smooth sailing, Freshmen! Hard at work in the back row are Audrey Robbins, Marian Windish, Betty Cramer, Margaret McCarthy, and Roberta Liles. In the front are Lena Schmitt, Earline Lockwood, and Loretta Rau.

A landmark in Cincinnati, the Hughes tower dominates the sky line of the Clifton-Fairview area. The building is flanked on the north by the Deaconess Hospital. To the south is McMillan Street, where the panorama of a busy cross-city traffic unfolds day and night. Before her lies bustling Clifton Avenue and across from her is the University of Cincinnati campus. After graduation from the Clifton Palace, many students go to that higher institution of learning, the University of Cincinnati.

SINCE NO STORY OF SCHOOL LIFE IS COMPLETE WITHOUT THE VARIETY OF ATHLETICS, WE PRESENT IN THE FOLLOWING PAGES THOSE SPORTS WHICH HAVE DONE SO MUCH TO IMPRINT IN OUR MEMORIES THE NEVER-TO-BE-FORGOTTEN YEARS OF HIGH SCHOOL. IN VICTORY AND IN DEFEAT, CHEERS INTERMINGLED WITH BLOOD, SWEAT AND TEARS. THIS SECTION IS DEDICATED TO THE BOYS AND GIRLS WHOSE SPORTSMANSHIP HAS PRODUCED IN HUGHES A SPIRIT UNSURPASSED ANYWHERE.

BIG REDS FIGHT FOR THE GLORY OF HUGHES

IN SPITE OF BREAKS, BLOCKS AND BRUISES

What size helmet is this, Gene?

HUGHES 7 ELDER 7

Opening game. Weather perfect. Elder scores first. Hoernschemeyer stars for Panthers. Good blocking. O'Malley and Capelle lead Hughes to touchdown. Dropkicks extra point. Tie game. Team downhearted.

HUGHES 19 NORWOOD 6

Wet field. Hughes scores on three plays. Rothacker and Capelle. Meador runs ninety-five yards for enemy score. Pass to Dastillung in end zone complete. Garvin intercepts and runs for touchdown. Game over.

HUGHES 12 COVINGTON 12

Bulldogs—underdogs. Bingham scores. Hughes' aerial game clicks. Count knotted. Triple flanker. Southerners lead again. Capelle skirts end. Touchdown. Battle ends. Second tie for Big Reds.

HUGHES 20 PURCELL 0

Hughes favored. Capelle runs wild. Three touchdowns. Good punting. Garvin unsung hero. Cavaliers in hole most of game. Great goal line stand. Big Reds remain undefeated.

HUGHES 40 WOODWARD 6

Double header. Colorful crowd. Hughes scores at will. Capelle—O'Malley lead passing attack. Flea flicker. Reserves take over. Taylor rings up Bulldog tally. First P. H. S. L. victory. Revenge from last year complete.

HUGHES 6 HAMILTON 26

Upstate game. Field like quagmire. Both teams undefeated. Cropenbaker, Apgar and Miller run loose in first half. Hughes fights back in third quarter. Pass nets touchdown. Big Blue attack slowed down. Whistle ends dull game.

Out of my way, Bud.

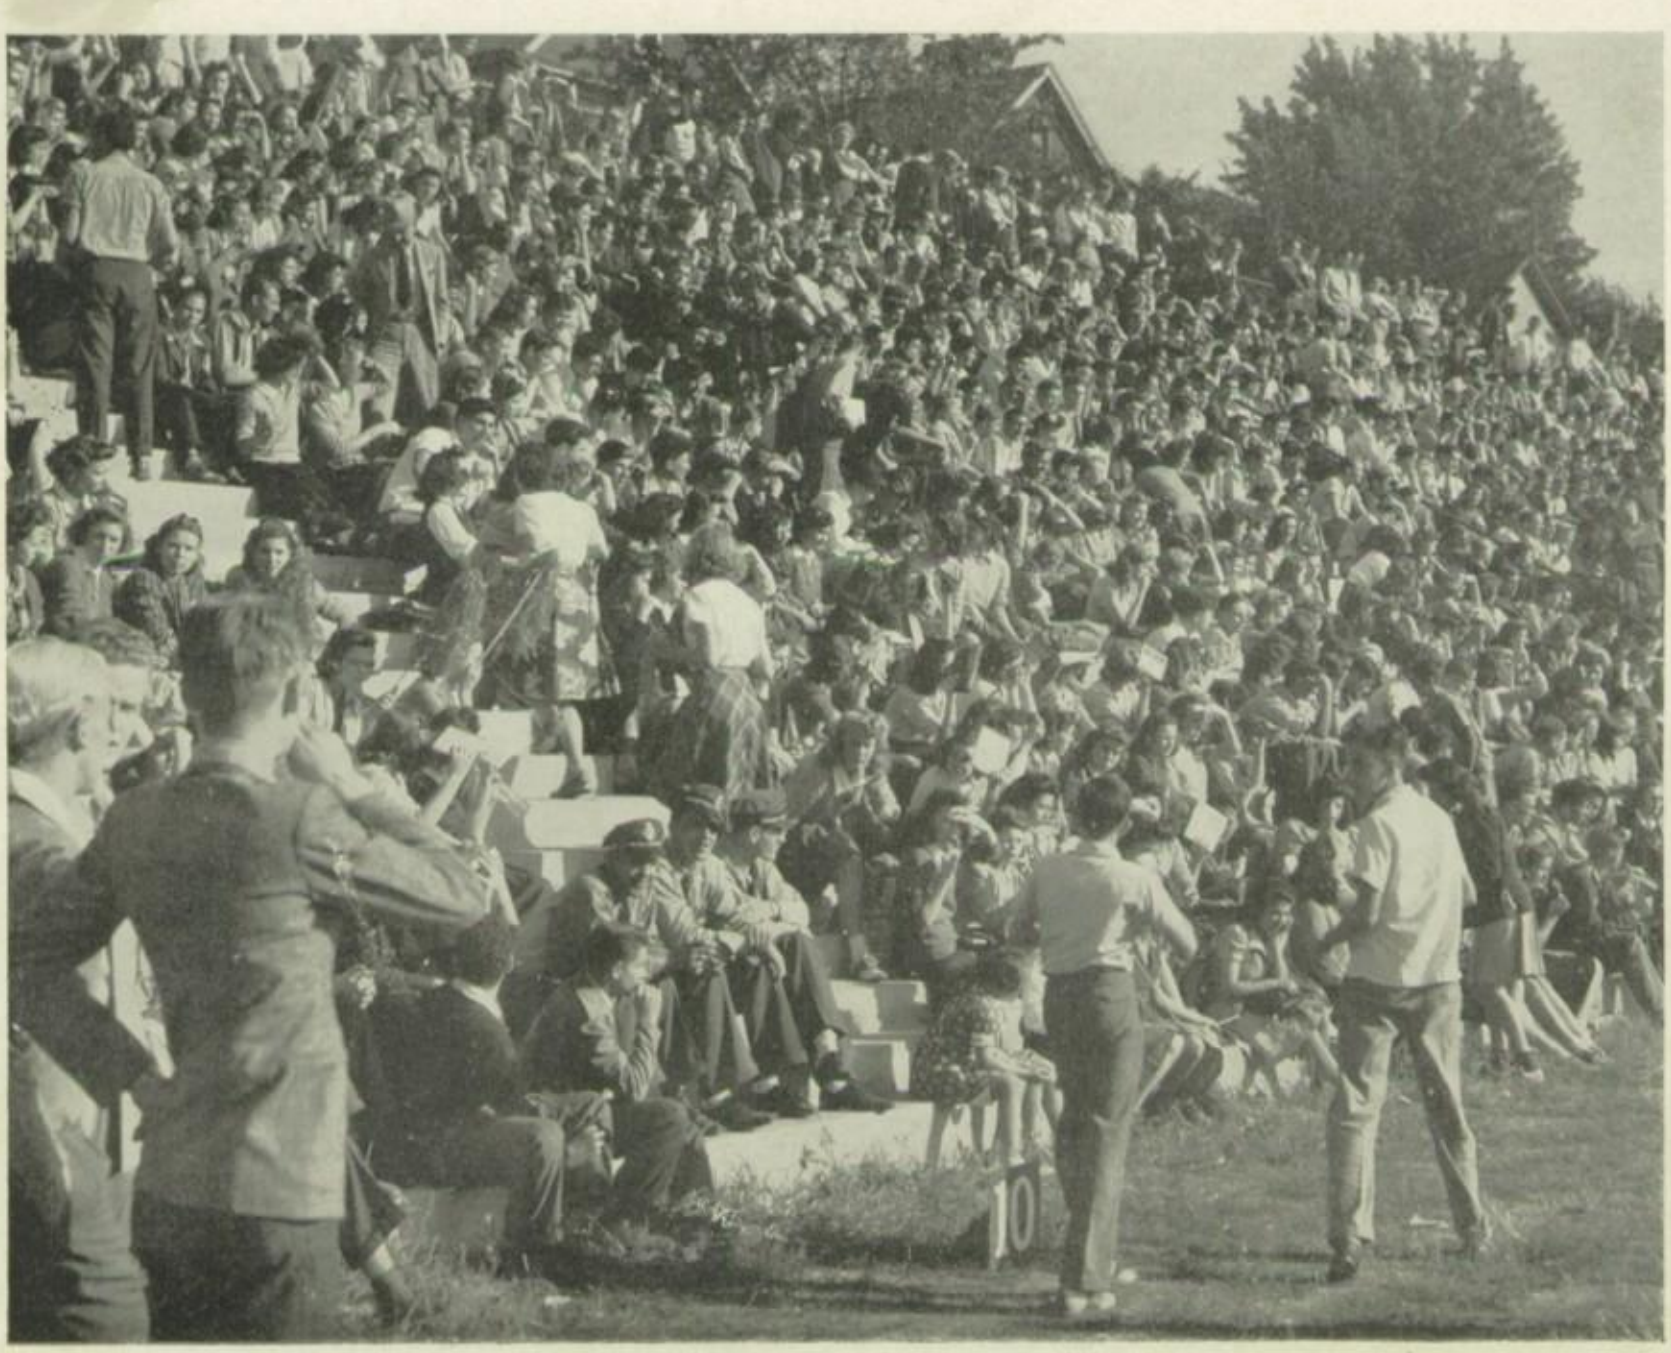
HUGHES 7 WESTERN HILLS 19

Gridiron sloppy. First loss for Hughes. Both sides score. Extra point good. Clifton boys lead at half. Uniform play in third quarter. Big Reds crack up near finish. Shank and Zimov stand out for winners. Garvin for losers.

HUGHES 13 WITHROW 28

Tradition. Victor wins P. H. S. L. crown. Hughes strikes quickly. Two passes good for thirteen points. Burkhart and Pumphrey charge back. Fourteen points. Tricky reverses. Two more touchdowns clinch game. Gun sounds. Season over.



The crowd at the opening game of the year, when Hughes meets Elder, anticipates an exciting season.

With the return of ten lettermen from last year, the new season looked very bright for the football team. Unfortunately though, their hopes were shattered when an underrated Elder squad held the "Big Reds" to a tie in the opening game. They broke into the win column with a victory over Norwood, and the following week tied Covington in a dragging game. Purcell folded 20-0 and Woodward was swamped as Hughes opened the P. H. S. L. marathon. Then the boys traveled upstate and absorbed a beating from a bruising Hamilton team. An upset by Western Hills followed, and the curtain rang down on a fair year as Hughes lost to Withrow in one of the season's most exciting battles. Letters were awarded to twenty players, and Pete Garvin and Tom O'Malley were elected co-captains for next year.

VOLLEYBALL TEAM WINS CITY TITLE FOR SECOND CONSECUTIVE YEAR

With the loss of but two set games during the entire year, the volleyball team under the tutorship of Coach Alan Kindschy captured the P. H. S. L. and City Championships for the second consecutive year. Opening the season against Walnut Hills the "Big Reds", led by Captain Ed Schlensker and "Lanky" Bill McFarland, only returning lettermen won their first league game by an overwhelming score. This victory established, the team then went on to defeat Electrical, Mechanical and ever tough Hartwell by perfect scores. It was the last game that decided the championship in favor of Hughes. In the final scrap of the year before the City Tournament, the "Cliftonites" met Withrow and only through precision accuracy and smart heads-up ball did they manage to defeat the "Tigers" two games to one. Then came the tournament. As a result of their brilliant play in winning the Public High crown, Hughes was immediately established as pre-tournament favorites to retain their city championship.

They began activities by swamping Woodward and followed up with victories over Hartwell, Withrow, and Walnut Hills. Hughes then met Hartwell again in what might have proved the deciding game, but the Orange and Black proved too much for "our boys" as they won 15-11. This called for a play-off between the two teams and in the ensuing battle, Hughes spearheaded by Hayes, McFarland and Schlensker blasted the opposition off the court as they triumphed 15-13. True champions! The reserve team not to be out-done by its older brothers, captured the junior title for the second time in two years. Jerry Moss, sparkplug of the "Little Reds," was elected captain for next year, and letters were awarded to nine men, including Ball, Eichenberger, Hayes, McFarland, Moss, Neuman, Schlensker, Schulz and Scott.

Lettermen—Leigh, Gandenberger, Watson, Johnson, Nehus, Rosenfeld, Honold stand alongside Coach Richert.

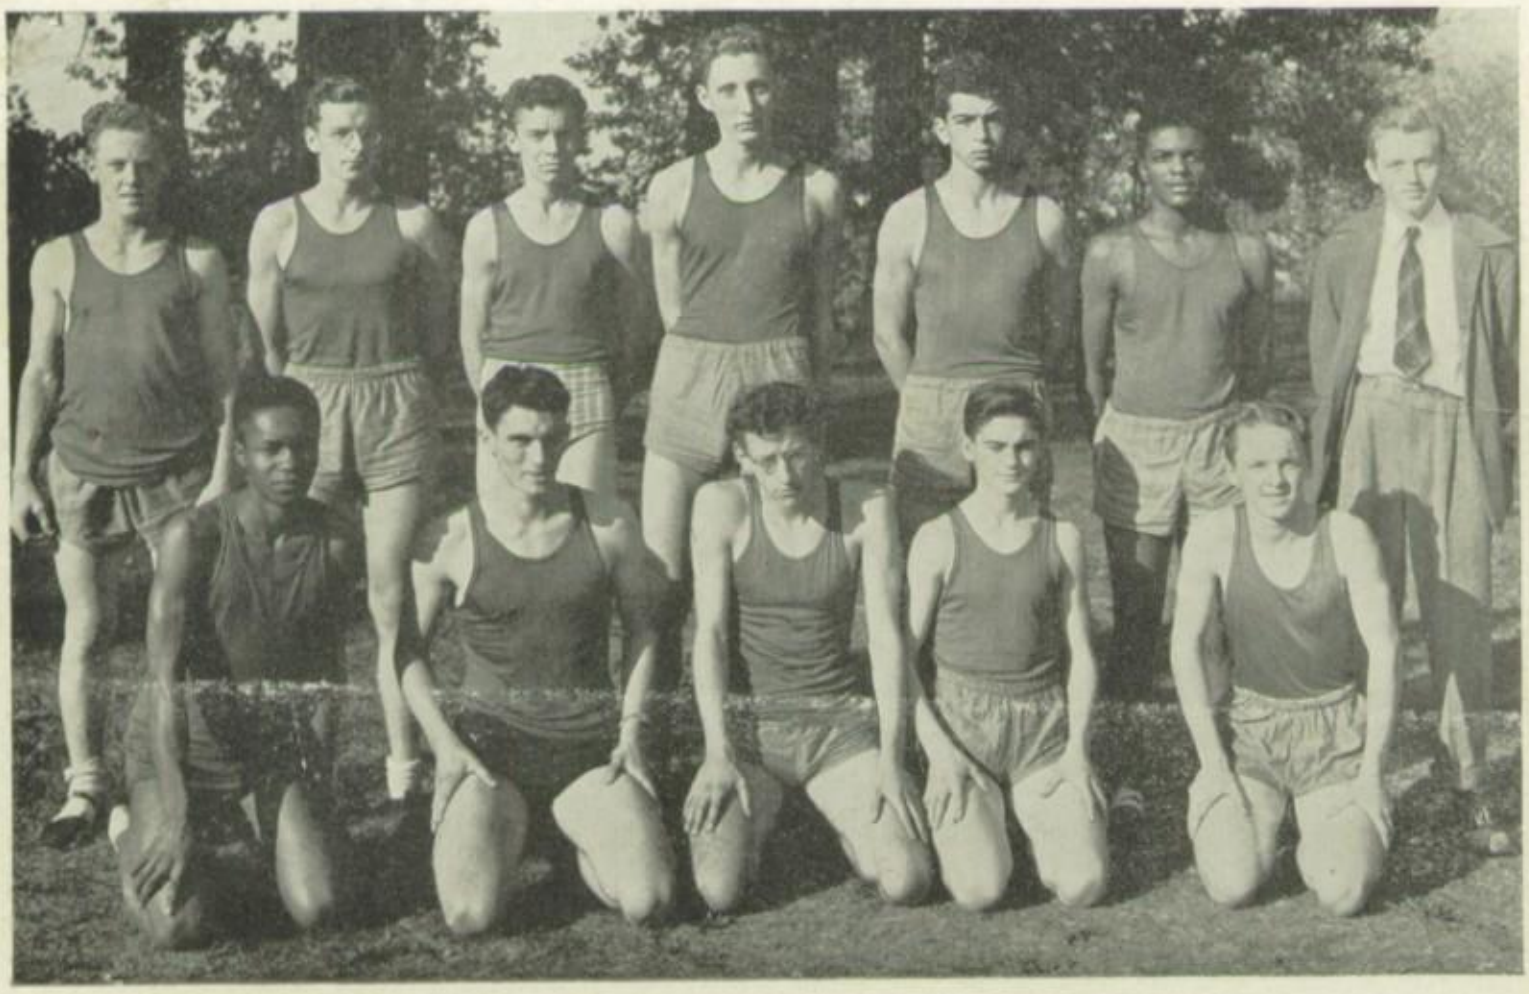
For the fifth consecutive year, Coach Paul Richert's Cross Country team swept over all opposition and proceeded to win the District and City Championships in a blaze of glory.

Captain Jerry Nehus, whose performances became an incentive to other members of the team led the squad to an undefeated and united season.

Along with Captain Nehus, a formidable team headed by Rosenfeld, Watson, and Johnson entered the first meet with Western Hills as natural favorites inasmuch as they were defending titalists. When the smoke had cleared away, Hughes had rolled up a twenty-two point total as against fifty-seven for their nearest opponent.

The second joust, which was as one-sided as the previous one, found the Red and White victorious again.

HAPPY HARRIERS HURDLE ALL BARRIERS



Cross Country Team — Back Row: Leigh, Hobt, Gandenberger, Babey, Peerless, Watson, and Mgr. Oelerich.

Front Row: Johnson, Nehus, Rosenfeld, Honold, Thomas.

Next on the list was Woodward. It was at this meet that they performed the outstanding feat of scoring fifteen points, the lowest possible total in the rule book.

With these three victories behind them, the boys knuckled down to long and diligent practice in preparation for their two last and most important meets, the District and City Runs.

Probably the most colorful of them all was the District Meet in which Hughes retained the title they had won last year.

In the grand finale, the City Meet, the red shirted runners from Hughes, harassed by the biting cold and the slow track, failed to break any records but proved themselves to be real champions when they drove home five men among the first fifteen who finished. Nehus walked off with the blue ribbon; Watson, the surprise of the race, finished seventh; Leigh, eighth; Johnson, twelfth; and Rosenfeld, thirteenth.

As the year drew to a close, as the suits were being packed away for next season and the trophy crowded into place among the other symbols of victory, Coach Richert announced that letters would be given to Nehus, Rosenfeld, Watson, Johnson, Gandenberger, Leigh, and Honold for their part in making this another red letter year in Hughes Cross Country annals.

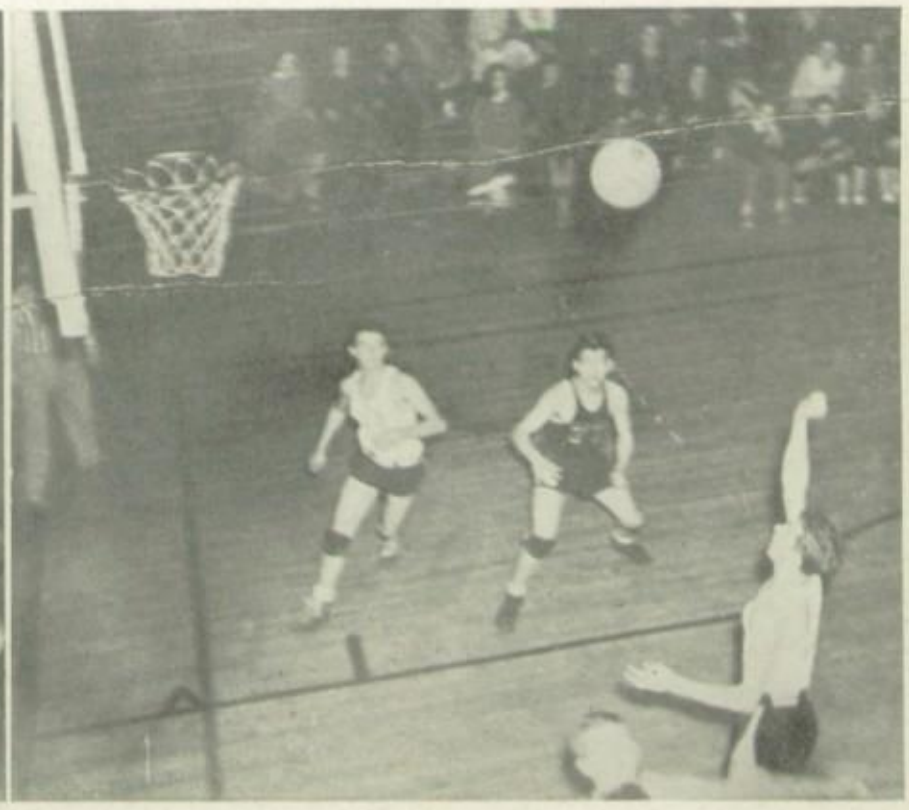
THEY SEND THEM THROUGH THE HOOP

Winning ten out of seventeen games for a .588 average, the "Big Red" hoopsters led by All-Ohio Captain Johnny Capelle captured second place in the 1942 P.H.S.L. pennant race. With only two lettermen returning from last year's squad, it was necessary to build a completely new team centering around Big John. Taking the floor for the first time were Reikow, Brockschmidt, Lyle, with veteran Tom O'Malley. This combination proved successful in the opening game, and the Clifton boys won 29-16. During the course of the next fourteen games, in which Hughes proved victors in eight, the squad was juggled around considerably and such names as McFarland, Gaz, Ukelson, Marcus, Fenster soon crashed the box score.



Every shot counts as the boys go through their paces.

Accuracy, cleverness, and action mean success in basketball.

Tournament time rolled around, and "Our Boys" were given a seeded position as a result of their season, ending victor over Withrow. A win over Automotive advanced them to the quarter-final round, where they were put out by a hard hitting Elder squad. Johnny Capelle, who averaged twelve points per game, totaled 201 markers for the year; O'Malley was next in line with 139. The team's grand total was 504 points as against 461 for their rivals which is a 54 notch advantage to the good. Tom O'Malley was elected captain of next year's team, and letters were awarded to Capelle, O'Malley, Brockschmidt, McFarland, Gaz, Ukelson, and Marcus.

Under President John Walther the Bowling Club completed its second year with a record of over one hundred members. Activities included the bowling league, doubles tournament, and mixed doubles meet. The Little Reds won the league title; Petrocelli and Stitch, the doubles; and Myrt and Ed Neumann, the mixed doubles crown.

BOWLING BECOMES AN INTERSCHOOL SPORT

For the first time in public school history an interschool bowling league was formed. Hughes won this championship with the loss of only one game to Western Hills. The greatest victory for the boys was the defeat they handed to the teachers, three games in a row!

Another year—another championship. For the sixth consecutive season, the tumblers and jumpers under Coach Paul Richert annexed the City and District gymnastic crown. Captain Bill Keiber, who led the team scoring with 84 5/6 points, won the City Individual Championship at Woodward with a high score of 156 1/2 points. Other team leaders were Barnes and Leigh. Opening the season at Woodward, the "Big Reds" walked over all opposition in winning, 62-39. Then followed a 58-39 win at Withrow, and a 61-35 victory over Woodward for the 1942 gym title. Three days later the boys traveled up state to Oxford, Ohio, where they captured the unofficial district meet. In the final engagement of the year, Hughes again took honors as they placed four men high on the individual list. Ray Hamilton and Marv Barach, star performers, were undefeated throughout the five meets. As a closing note to this successful season, letters were awarded to Keiber, Barnes, Leigh, Maddux, Hamilton, Barach, Stith, Kaminski, Hattersley, Keller, Lee, and manager Weiser.

Ever since 1935 when P. K. Richert first came to Hughes, he has been turning out winning teams, in cross-country, gym, and track. Altogether in his short span of seven years here, he has coached twelve P. H. S. L. championship teams.

MUNZ AND HAMILTON HEAD SWIMMERS

Although the services of Coach Alan Kindschy were lost for several weeks because of illness, and although three key swimmers were forced to remain on the sidelines, the swimming team, led by Captain Bob Munz and Ray Hamilton, splashed through to capture fourth place in both the City and District Swims.

In the second meet of the year, the "Red" mermen finished fourth as a result of the loss of Hamilton, Crain, and Lowe. Also during this time, the place of Mr. Kindschy was filled by Coach "Dutch" Phillips. Those lost to the team by graduation this year are Munz, Schlensker, Shilling, and Hamilton. This leaves such hopefuls as Smith, Crain, Lowe, Muchmore, Smoot, Kennedy, and Bumiller. Letters were awarded to Munz, Crain, Schlensker, Bumiller, Shilling, Hamilton, Muchmore, Smith, and Mgr. Schilmeister.

NETTERS CAPTURE DISTRICT TITLE

In defense of their seventh consecutive tennis crown, the "Big Red" racqueteers opened the 1942 season with a 4—1 victory over Western Hills. Rapidly following this triumph were others over Purcell, Withrow and Wyoming. After a short spell of bad weather in which several matches were postponed, the team entered a singles and doubles squad to represent Hughes in the District play-offs. Appel won the singles, and Hittle and Thomas won the doubles.

Veteran Jack Chartock starred at the number three slot, while Don White and Andy Hittle served 'em up at one doubles. At the number two position, Desserich, Bumiller, Keller and Newman all saw service.

"PLAY BALL," CRY FUTURE REDS

With veterans Ray Huge, Ed Schlensker, Tom O'Malley, Jack Dastillung, Bob Fuerst, and Captain Don Fein sparking the team, the "Big Reds" finished the season with a respectable record of seven wins in eleven tries. They opened the year with a smashing 14-2 win over Walnut Hills, and followed it up with a victory over Woodward. Losses to Western Hills and Withrow were evened up by triumphs over Woodward and Norwood; two more victories and a loss finished the season before the District Tournament.

After conquering Withrow in the opener, the "Reds" appeared to be sure winners, until the Norwood Indians bested our boys in an extra inning tussle. Letters were awarded Fein, Dastillung, Neuman, Huge, Schlensker, Fuerst, O'Malley, Felix, Weiss, Bradley, MacFarland, and Mgr. Schilmeister.

With practically the same team as last year, and with the addition of a few promising juniors, the "Big Red" speedsters went on to prove this one of the most promising and fruitful seasons in many years. At the time of this writing Hughes had participated in four meets. The first two were triangular meets won by margins of twelve and three points respectively. However, these runs were merely warm-ups for the real test of the year—the famous Knights of Columbus Relays at Withrow stadium. The end of the day found Hughes the winners with a victory margin of twenty-nine points. Hughes not only captured first place, but they walked home with most of the medals and all five trophies—four for the relay races and one team cup. Those spearheading the Clifton attack were Goodman, Doerman, Swarthout, Allgeier, Keiber, Nehus, Rosenfeld, Kerman, Lipsky, Schulz, Lee, and Hayes. Their next test came at the annual Miami relays. With schools entered from every corner of the state the "Reds" found the going tough but battled their way to a very good third place. Two more meets remain on the schedule—the City and District runs with Hughes the definite favorites in both.

Martha
Bolton

In the presence of parents and friends, a senior girl, who has been chosen "Honor Girl" is awarded the onyx Honor Ring as a reward for her achievements during her years at Hughes. The ring is presented by the principal at the annual Girl's Athletic Association Banquet, which brings to a close another G. A. A. year. During the dinner, the sport leaders of the past year's activities tell briefly of the enjoyment and accomplishments in each of their particular sports. The gym teachers then distribute the many other awards to the girls who have worked hard for them. The announcement and introduction of the newly elected officers are made, and as the new president is presented with the gavel, we are assured of another successful year, for the new officers will carry on for the G. A. A.

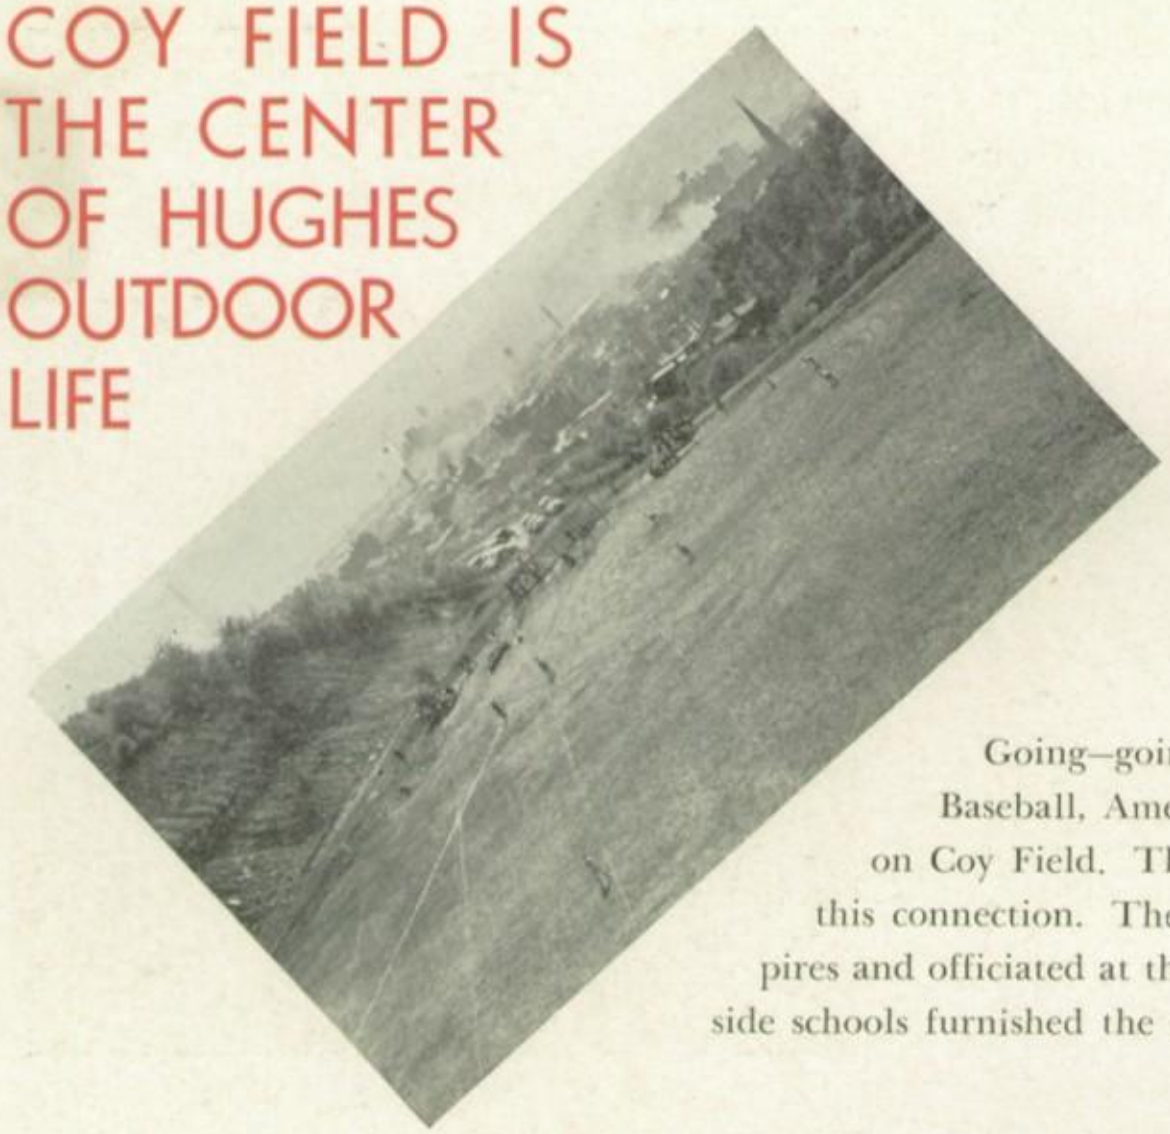
The gym teachers show the girls how to keep fit; the gym activities inculcate ideals of sportsmanship. The gym teachers are probably the only teachers who come in contact with every girl, and by that association become well-acquainted with each of them.

Miss Nurre and Miss Balastra stand behind Miss Kramer and Miss Suter.

GOOD SPORTSMANSHIP AND PERFECT FORM ARE AIMS OF ATHLETIC GIRL

Officers of the Girls' Athletic Association are Dorothy Koeninger, treasurer; Olga Garvin, secretary; Hilda Hartig, vice-president; Stephanie Brezowski, publicity chairman. President Gerda Benjak is shown on page 163.

COY FIELD IS THE CENTER OF HUGHES OUTDOOR LIFE



In autumn and spring, the girls trudge down to Coy Field, the center of Hughes outdoor activity. Coy Field is a little valley surrounded by hills and woodlands. Looming off in the distance are some of the giant industries of Cincinnati. This outdoor life provides the students with healthier and stronger bodies.

Going—going—gone—and another home run is made. Baseball, America's favorite sport, is played by the girls on Coy Field. This year something new was introduced in this connection. The girls were trained and instructed as umpires and officiated at the home games. Class teams and a few outside schools furnished the competition.

BASEBALL IS A FAVORITE PICNIC PASTIME

HOCKEY TEAM—Keininger, Kiesewetter, Putman, Ballard, Zachary, Brezowski, Eyler, Bolten. Field hockey, similar to ice hockey in every way except for the substitution of a ball for the "puck", is a favorite sport with Hughes girls. Whether the autumn winds be balmy or nipping cold, the girls can be found at Coy Field swinging their sticks vigorously.

Head and hand stands, forward and backward rolls, cart-wheels, and eagle spreads are but a few of the arts achieved by the tumblers. Needless to say, poise, perfect timing, and steady nerves are essential to the girls who participate in this exercise of skill.

Girls may overcome the awkward age in modern dancing. This interesting activity is lots of fun and helps to develop poise and grace. Miss Nurre has classes after school on Wednesday.

Back Row: Putman, Zachary, Brezowski *Front Row:* Mapes, Ballard, Alexander.

Basketball is a great favorite with the girls as well as the boys. The feminine game, however, is less strenuous, and a "free throw" from center is now used more often than the boys' "tip off." The senior team won the laurels in basketball this season.

Said the Electrical Mouth *to the* Electrical Ear . . .

"Joe . . took . . father's . . shoe . . bench . . out.
She . . was . . waiting . . at . . my . . lawn."

Passing through the Bell Telephone Laboratories in New York City, you might hear these strange sentences being repeated by an electrical mouth into the transmitter of a telephone.

These sentences contain all the fundamental sounds in the English language that have anything to do with the intensity of sound in speech. By listening to them, by measuring the accuracy with which each sound is carried over the wire, engineers test the quality of the transmitter.

This is only a small example of the work at Bell Laboratories. There, research is carried on constantly in the interest of the telephone user . . . experimenting, testing, figuring out ways to create new equipment or to improve present methods.
